December 5, 2020

Board of Trustees and President Donald R. Bobbitt:

It is my pleasure to transmit to you the Audited Financial Statements of the University of Arkansas System for the fiscal year ended June 30, 2020. The data presented, including the Management's Discussion and Analysis, Statement of Net Position, Statement of Revenues, Expenses, and Changes in Net Position, and Statement of Cash Flows, are presented on a consolidated basis and include all components of the System: UAF (University of Arkansas, Fayetteville, including the Division of Agriculture, Arkansas Archeological Survey, Criminal Justice Institute, and Clinton School of Public Service), UAFS (University of Arkansas at Fort Smith), UALR (University of Arkansas at Little Rock), UAMS (University of Arkansas for Medical Sciences), UAM (University of Arkansas at Monticello), UAPB (University of Arkansas at Pine Bluff), CCCUA (Cossatot Community College of the University of Arkansas), PCCUA (Phillips Community College of the University of Arkansas), UACCB (University of Arkansas Community College at Batesville), UACCHT (University of Arkansas Community College at Hope-Texarkana), UACCM (University of Arkansas Community College at Morrilton), UAPTC (University of Arkansas Pulaski Technical College), UACCRM (University of Arkansas Community College at Rich Mountain), ASMSA (Arkansas School for Mathematics, Sciences and the Arts), and SYSTEM (University of Arkansas System Administration, including University of Arkansas System eVersity).

These statements were prepared in accordance with generally accepted accounting principles as prescribed by the Governmental Accounting Standards Board (GASB). The financial statements used to prepare the consolidated report, except for the Medical Sciences campus and the discretely presented component units, were audited by Arkansas Legislative Audit. The financial statements from the Medical Sciences campus were audited by KPMG LLP. The consolidated financial statements received an unmodified audit opinion.

LEGISLATIVE JOINT AUDITING COMMITTEE ARKANSAS LEGISLATIVE AUDIT

Legislative Auditor

INDEPENDENT AUDITOR'S REPORT

University of Arkansas System Legislative Joint Auditing Committee

Report on the Financial Statements

We have audited the accompanying financial statements of the business-type activities and the aggregate discretely presented component units of the University of Arkansas System (University), an institution of higher education of the State of Arkansas, as of and for the year ended June 30, 2020, and the related notes to the financial statements, which collectively comprise the University's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We did not audit the financial statements of the University of Arkansas for Medical Sciences, a unit of the System, whose statements reflect total assets and revenues constituting 31% and 51%, respectively, of the related combined totals. Additionally, we did not audit the financial statements of the University of Arkansas Foundation, Inc., and the University of Arkansas Fayetteville Campus Foundation, Inc., which represents 100% of the assets and revenues of the aggregate discretely presented component units. Those statements were audited by other auditors whose reports have been furnished to us, and our opinion, insofar as it relates to the amounts included for the University of Arkansas for Medical Sciences, University of Arkansas Foundation, Inc., and University of Arkansas Fayetteville Campus Foundation, Inc., is based solely on the reports of the other auditors. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement. The financial statements of the University of Arkansas Foundation, Inc., and the University of Arkansas Fayetteville Campus Foundation, Inc. were not audited in accordance with *Government Auditing Standards*.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, based on our audit and the reports of other auditors, the financial statements referred to above present fairly, in all material respects, the respective financial position of the business-type activities and the aggregate discretely presented component units of the University as of June 30, 2020, and the respective changes in financial position, and where applicable, cash flows thereof for the year ended in accordance with accounting principles generally accepted in the United States of America.

500 WOODLANE STREET, SUITE 172 • LITTLE ROCK, ARKANSAS 72201-1099 • PHONE: (501) 683-8600 • FAX: (501) 683-8605 www.arklegaudit.gov

Other Matters

Prior Year Comparative Information

We have previously audited the University's 2019 financial statements, and we expressed unmodified opinions on the respective financial statements of the business-type activities and the aggregate discretely presented component units in our report dated November 19, 2019. In our opinion, the comparative information presented herein as of and for the year ended June 30, 2019, is consistent, in all material respects, with the audited financial statements from which it has been derived.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the Management's Discussion and Analysis, certain information pertaining to pensions, and certain information pertaining to postemployment benefits other than pensions on pages 7-17 and 101-103 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We and other auditors have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the University's basic financial statements. The Schedule of Selected Information for the Last Five Years (Schedule 1), the Statement of Net Position by Campus (Schedule 2), the Statement of Revenues, Expenses, and Changes in Net Position by Campus (Schedule 3), the Statement of Cash Flows – Direct Method – by Campus (Schedule 4) are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The Statement of Net Position by Campus, the Statement of Revenues, Expenses, and Changes in Net Position by Campus, and the Statement of Cash Flows – Direct Method – by Campus are the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the Statement of Net Position by Campus, the Statement of Revenues, Expenses, and Changes in Net Position by Campus, and the Statement of Cash Flows – Direct Method – by Campus are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

The Schedule of Selected Information for the Last Five Years has not been subjected to the auditing procedures applied in the audit of the basic financial statements, and accordingly, we do not express an opinion or provide any assurance on it.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated November 17, 2020 on our consideration of the University's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the University's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the University's internal control over financial reporting and compliance.

ARKANSAS LEGISLATIVE AUDIT

Kozer Corman

Roger A. Norman, JD, CPA, CRE, CFF Legislative Auditor

Legislative Au

Little Rock, Arkansas November 17, 2020 EDHE14120

Introduction

The University of Arkansas System ("the University") is pleased to present its financial statements for the fiscal year ended June 30, 2020, with comparative statements for the fiscal years ended June 30, 2019 and 2018.

The University of Arkansas System ("the University"), which prior to 1969 consisted of the Favetteville and the Medical Sciences campuses, expanded in 1969 to include the Little Rock campus (formerly Little Rock University), in 1971 to include the Monticello campus (formerly Arkansas A&M College), in 1972 to include the Pine Bluff campus (formerly Arkansas AM&N College), in 1996 to include the Phillips campus (formerly **Phillips** County Community College) and the Hope campus (formerly Red River Technical College), and in 1998 to include the Batesville campus (formerly Gateway Technical College). On July 1, 2001, the University was expanded to include campuses in Morrilton (formerly Petit Jean College) and DeQueen (formerly Cossatot Community College). The Fort Smith campus (formerly Westark College) joined the University on January 1, 2002. Forest Echoes Technical Institute and Great Rivers Technical Institute merged with the Monticello campus on July 1, 2003. The School for Mathematics. Arkansas Sciences and the Arts, a residential high school, joined the University on January 1, 2004. On February 1, 2017, Pulaski Technical College and Rich Mountain Community College joined University becoming the University of Arkansas-Pulaski Technical College and the University of Arkansas Community College at Rich Mountain. In addition to these campuses, the University includes

the System Administration, whose financial statements include eVersity, and the following units that are included in the financial statements of the Fayetteville campus: Clinton School of Public Service, Division of Agriculture (Agricultural Experiment Station and the Cooperative Extension Service), Arkansas Archeological Survey, and Criminal Justice Institute.

All programs and activities of the University of Arkansas are governed by its ten-member Board of Trustees who are appointed by the Governor for tenyear terms, which has delegated to the President the administrative authority for all aspects of the University's operations. Administrative authority is further delegated to the Chancellors, the Vice President for Agriculture, the Dean of the Clinton School, the Director of the Criminal Justice Institute, the Director of the Arkansas Archeological Survey, and the Director of the Arkansas School for Mathematics. Sciences and the Arts. who have responsibility for the programs and activities of their respective campuses or state-wide operating division.

Overview of the Financial Statements and Financial Analysis

The University's financial statements are prepared in accordance with standards issued by the Governmental Accounting Standards Board (GASB). The financial presentation statement provides comprehensive, entity-wide perspective of the University's assets, deferred outflows, liabilities, deferred inflows, net position, revenues, expenses, changes in net position, and cash flows. financial statements included are the Statements of Net Position. Statements of Revenues, Expenses and Changes in Net Position, and the Statements of Cash Flows. This discussion has been prepared by management and should be read in conjunction with the financial statements and notes following this section.

The University has identified two legally separate foundations, the University of Arkansas Foundation, Inc. and the University of Arkansas Fayetteville Campus Foundation, Inc., that meet the criteria set forth for component units. These foundations provide financial support for the objectives, purposes, and programs of the University. Although the University does not control the timing, purpose or amount received by these Foundations, the resources (and income thereon), they hold and invest are dedicated to the benefit of the University. Because these resources held by the foundations can only be used by, or for the benefit of, the University, and are deemed material, they are considered component units and are discretely presented in the financial statement Additional information about report. component units is provided in Note 1.

Statements of Net Position

The Statement of Net Position provides a fiscal snapshot of the University as of the end of the fiscal year. All assets (property that we own and what we are owed by others), deferred outflows of resources (consumption of net position by the University that is applicable to a future reporting period), liabilities (what we owe to others and have collected from others before we have provided the service), deferred inflows of resources (acquisition of net position by the

University that is applicable to a future reporting period), and net position (assets and deferred outflows of resources minus liabilities and deferred inflows of resources) are reported in this statement. Assets and liabilities are presented in the order of their relative liquidity and are identified as current or noncurrent. Current assets are those assets that can be realized in the coming year, and current liabilities are expected to be paid within the next year. Noncurrent assets and liabilities are not expected to be realized as cash or paid in the subsequent year. Assets, deferred outflows of resources, liabilities and deferred inflows of resources are generally measured using current values. One exception is capital assets, which are stated at historical cost less accumulated depreciation.

Net position is divided into three major categories. The first category, invested in capital assets, net of related debt, reflects the equity in property, plant and equipment owned by the University. The next category is restricted net position, which is divided into two subcategories, expendable and nonexpendable. The expendable category is available for expenditure by the University but must be spent for purposes as determined by donors and/or external entities that have placed time or purpose restrictions on the use of the assets. The corpus of nonexpendable restricted resources is only available for investment purposes. The final category is unrestricted net position which is available for any lawful purpose of the University.

| Expendable | | 259,135,487 | | 269,775,956 | 358,582,144 | |
| Unrestricted | | 851,135,952 | | 765,918,887 | 590,143,922 | |
| Total Net Position | \$ | 2,705,081,629 | \$ | 2,619,951,446 | \$ 2,466,031,742 | |

The University's total assets increased \$349.3 million, or 7.5%. Cash and cash equivalents increased \$146.0 million and investments increased by \$53.4 million. Cash and cash equivalents increased \$136.9 million at UAMS and by \$10.8 million at UASYS. UAF increased investments \$64.0 million. increased investments \$10.3 million and UALR increased \$8.8 million, net of decreases of \$29.0 million at UAMS. Deposits held in trust increased by \$149.8 million of which UAMS comprised \$133.7 million which is related to bond proceeds on the energy project that began during the Fall of 2019 and UAF had an increase of \$23.5 million, offset by UALR that decreased by \$1.9 million and UAPTC that decreased by \$5.8 million. Patient accounts receivable at UAMS decreased \$11.4 million, while Accounts

receivable increased \$19.7 million. Student accounts receivable decreased by \$.5 million, net of the UAMS credits owed to students, while Grants and other receivables increased by \$17.4 million. The increase of \$5.7 million in Capital assets related to additions of \$221.7 million net of depreciation expense of \$206.5 million offset by a decrease for disposed of \$9.5 million. assets Favetteville had an increase in capital asset additions of \$107.8 million. Construction in progress increased by \$76.0 million during 2020 of which \$126.3 million were placed into service. including the two new dormitories on the south end of campus and the dining at Pomfret Hall. At UAF, the Student Success Center, the Windgate Art & District Buildings, Design Mullins Library changes, the Anthony

Timberlands Center for Design & Material Innovation and other athletic facilities are in progress. UAMS had an increase in capital asset additions of \$80.8 million including progress on the Energy Savings Project as well as the implementation costs of Workday, the new ERP software for the UA System.

Deferred outflows of resources consist of deferred amounts on refinancing of debt and deferred amounts related to pensions and other post-employment benefits (OPEB). Overall, deferred outflows decreased \$2.0 million, or (4.1%). Deferred outflows related to pensions comprised \$7.0 million of the decrease as a result of actuarially determined amounts offset by an increase in OPEB of \$2.7 million. The amortization of the debt refunding offset by additional deferred outflows, increased the deferred outflows balance by \$2.3 million.

Total liabilities increased \$262.7 million, or 12.9%. The liability for bonds, notes, capital leases and installment contracts increased \$179.2 million. Netted in that amount, UAMS issued \$158.2 million of new bonded debt and used capital leases to finance \$19.0 million, UAF issued new bonds that totaled \$24.9 million related to Athletics and an additional amount, net of refunding, of \$15.1 million, UACCRM issued \$6.3 million of new bonds, net of a refunding. The System drew down the remaining amount on the note payable for the ERP software implementation of \$16.9 million. The additional debt is offset by a total of \$329.5 million in repayments and refundings of bonds during fiscal 2020. The liability for estimated third party payor settlements increased by \$97.9 million and is due primarily to an advance that **UAMS** received from Accelerated and Advance Payment

Program related to Medicare payments of \$101.0 million. The UA Health Plan experienced an overall plan loss ratio of 104% compared to a loss ratio of 101% in the previous fiscal year (Note 14).

Deferred inflows of resources related to pension plans increased \$167,209, or .96%, as a result of actuarially determined amounts. In addition, deferred inflows related to OPEBs decreased \$434,629.

The increase in net position was \$85.1 million, or 3.3%. The increase is the result of 2020 revenues, expenses and changes in net position. Net investments in capital assets decreased \$1.3 million. Restricted net position, expendable and non-expendable, increased \$1.3 million. Unrestricted net position increased \$85.2 million with UAF adding \$40.8 million, UAMS adding \$18.0 million, and UALR adding \$14.1 million. These increases were offset by increases and decreases at the remaining campuses. Although unrestricted net position is not subject to externally imposed restrictions, majority of the University's unrestricted net position is subject to internal designations to meet various specific commitments. These commitments include reserves established for future capital projects, other academic or research priorities; working capital for self-supporting auxiliary enterprises; and reserves for the continued recognition of OPEB and pension obligations.

Statements of Revenues, Expenses and Changes in Net Position

Changes in total net position, as presented on the Statements of Net Position, is based on the activity presented in the Statements of Revenues, Expenses and Changes in Net Position. The statements

present the revenues earned by the University, both operating and non-operating, and the expenses incurred by the University, both operating and non-operating, and any other revenues, expenses, gains and losses received or spent by the University. Operating revenues are received for providing goods and services to the various customers and constituencies of the University. Operating expenses are those expenses paid to acquire or produce the

goods and services provided in return for operating revenues and to carry out the mission of the University. Non-operating revenues are revenues received for which goods and services are not provided. In accordance with GASB standards, significant recurring sources of University revenue such as state appropriations, gifts, investment income and certain grants and contracts are reported as non-operating revenues.

The 2020 operating loss of \$754.3 million highlights the University's dependence on non-operating revenues, including state appropriations, to meet the costs of

operations and provide funds for the acquisition of capital assets.

Operating revenues decreased \$66.5 million, or 2.6%. Net student tuition and

fees increased \$3.3 million, with UAF comprising almost all of that. The rest of campuses experienced the small increases and decreases in net student tuition and fee revenue. Net patient services decreased \$86.0 million or 6.6% at UAMS due to decreases in inpatient and outpatient volumes mainly due to the pandemic and the shutdown of nonemergent care at hospitals in the state and the country which lasted for about three months. Grants and contracts increased \$5.7 million, of which UAMS increased \$11.9 million and UAF decreased \$5.2 million. Auxiliary revenues decreased \$15.8 million primarily from UAF due to Athletics decreasing \$11.5 million and the outsourcing of the bookstore operations of another \$2.0 million. Other operating revenue increased \$26.2 million, attributed to UAMS's increase for specialty and retail pharmacy activity.

Total operating expenses increased \$92.6 million, or 3.0%. Compensation and benefits increased \$72.3 million, or 4.1%, over the previous year. UAMS increased \$58.6 million for increased staffing for the services prior to the pandemic, and to assist with the pandemic, as well as increases in compensation that were done in calendar year 2020. The total average number of employees increased by 176 at UAMS in FY20 also. UAF increased \$17.0 million due to increases in salaries for faculty and staff. The cost of supplies and services decreased \$5.8 million. UAF decreased \$25.5 million due to travel being discontinued for the fourth quarter as well as most employees working remotely, while UAMS increased \$22.5 million also as a result of the pandemic due to increased costs for personal protective equipment and medical supplies, drugs and medicines for patient care. There were additional reductions at other campuses. Scholarships and fellowships increased \$12.7 million due to small increases at a number of campuses. Depreciation increased \$6.2 million with UAF accounting for \$4.4 million of the increase due to completion of construction of certain buildings as noted previously. The remaining change was spread throughout the campuses. The insurance plan expenses increased \$7.2 million due to higher claims costs offset by reductions in the fourth quarter due to the pandemic which resulted in a drop in claims for that period.

Net non-operating revenues increased by million. \$102.1 or 14.9%. appropriations increased \$53.5 million primarily due to a drop in the Medicaid match payments of \$41.8 million at and higher gross appropriations of \$8.9 million. Federal grants increased \$48.7 million due to the receipt of federal funds through the CARES Act for direct student aid at all traditional campuses, and at UAMS, \$28.4 million to offset losses in patient revenues. Investment income decreased \$3.2 million which was UAF, and gifts increased \$2.1 million which was UAF offset by decreases at other campuses.

Other changes in net position decreased \$11.7 million, or 18.5%. Capital grants and gifts decreased \$19.4 million with most of the decrease related to UAF.

Gifts reported reflect only a portion of the gifts available to the University. Most gifts for the benefit of the University are made to the University of Arkansas Foundation, whose financial information is presented in Note 1.

Statements of Cash Flows

The Statement of Cash Flows provides information about the cash activity of the

University during the year. The statement is divided into five parts. The first part shows the net cash used by the operating activities of the institution. The second section reflects cash flows from noncapital financing activities. The third section deals with cash flows from capital and related activities, such as the acquisition and construction of capital assets and proceeds from, and payment of, capital asset debt. The fourth section reflects the cash flows from investing activities and shows the purchases, proceeds. and investment income received from these activities. The fifth section, not shown in the condensed statement below, reconciles the net cash used by operating activities to the net operating income or loss reflected on the Statement of Revenues, Expenses and Changes in Net Position. This statement aids in the assessment of the University's ability to meet obligations as they

become due, the need for external financing, and the ability to generate future cash flow.

Similar to the operating loss on the Statement of Revenues, Expenses, and Changes in Net Position, net cash used in operating activities does not reflect all resources available to the University because generally accepted accounting principles require state appropriations, gifts and grants to be reported as nonoperating financing activities. The net cash provided by the combination of operating and noncapital financing activities is a better depiction of the results achieved for the year. The net cash for 2020 is \$346.2 million, a decrease of \$5.0 million from the prior year. The changes are explained in the discussion in relation to the Statements of Revenues, Expenses and Changes in Net Position.

Condensed Statements of Cash Flows

| | Year Ended | | | | | | |
|--|---------------|---------------|----|---------------|----|---------------|--|
| | June 30, 2020 | | | une 30, 2019 | J | June 30, 2018 | |

| Cash, beginning of year | | 475,632,421 | | 448,353,753 | | 434,621,244 | |
| Cash, end of year | \$ | 621,648,118 | \$ | 475,632,421 | \$ | 448,353,753 | |

Purchases of capital assets and repayments of long-term debt and related interest and fees exceeded debt proceeds, capital grants and gifts, and insurance proceeds during 2020 which was consistent with the previous years. Purchases of investments exceeded the proceeds from sales and maturities of investments and investment earnings in the current year which was also

consistent with prior years. The University shifted cash to investments during the year as has been done in previous years.

Capital Assets and Long-Term Debt Activity

At June 30, 2020, the University had \$3.0 billion of capitalized assets, net of

accumulated depreciation of \$3.0 billion. Capital additions in 2020 totaled \$221.7 million which was offset by depreciation of \$206.5 million, net of transfers and deletions, resulted in a net increase in capital assets of \$5.7 million.

New debt issued for bonds, notes, capital leases and installment contracts offset by payments of principal was a net increase of \$179.2 million for 2020. The University issued a total of \$467.7 million in bonds for all campuses, with repayments, including refundings, of \$310.0 million. More detailed information about debt activity was discussed previously and is presented in Note 10.

Economic Outlook

The University's net position increased \$85.1 million for 2020. Moody's last reaffirmed the University's rating of Aa2 with a stable outlook on August 28, 2020. One of the University's greatest strengths is the diverse stream of revenue which funds its operations, including tuition, services revenue. patient state appropriations, investment income, grants and contracts, and support from individuals, foundations. corporations. The 2020 fiscal year was impacted significantly by the pandemic. It continues to be a struggle for our campuses and the medical center, but through a number of protective measures, we have continued face-to-face classes as an option for students and have rebounded for patient services revenue in fiscal 2021. Because the Favetteville campus and the Medical Sciences campus account for 74.6% of total consolidated net position and 88.7% of consolidated operating revenues, the discussion below is centered on these two campuses.

UAMS

UAMS closed fiscal year 2020 down \$15.7 million in net position, rather than the balanced budget projected for the period. Through the first eight months of the fiscal year, UAMS experienced an increase in net position of \$22.7 million; however, with the onset of COVID-19 in March, financial results took a serious downturn. Operations for the last four months of the fiscal year reflected a \$38.2 million decrease in net position. While services began reopening in May 2020 and volumes are returning, the future impact of COVID-19 is not yet known. The pandemic is ongoing with an expected second surge projected late in the calendar year.

The fiscal year 2021 budget reflects a projected loss of \$45.6 million. Reduced patient volumes, and the associated revenue related to the impact of COVID-19, were anticipated during the first quarter of FY21 and are the reason for the projected loss. Prior to the pandemic, UAMS had prepared a balanced budget for fiscal year 2021. The financial results for the first two months of fiscal year 2021 have proven to be significantly better than what was expected. Through August, UAMS realized an increase in net position of \$15.0 million. While \$16.3 is million related to additional distributions from the CARES Act. UAMS would have realized a near breakeven change in net position if these funds were excluded versus an estimated loss of \$30.2 million. While the future impact of the pandemic is undetermined at this point; UAMS believes it will be able to exceed its budgeted expectations. During its early response to the pandemic, UAMS deployed a number of costreducing measures to mitigate the financial impact to its operations. These measures included a hiring pause and a

freeze on discretionary spending. As volumes have returned, both of these measures have been lifted. In the event of a second surge in FY21, those measures would be re-deployed. Further, UAMS continues to focus on its efforts around resource optimization, with projects underway to drive efficiencies in processes that increase revenue and reduce expense.

There is continuing uncertainty as to how the changes in the Arkansas Works (Medicaid expansion program) will ultimately affect UAMS. The new work requirement that was effective in June 2018 was struck down in a federal court; however, that decision was subsequently appealed. The outcome of that appeal is still pending. Finally, UAMS anticipates continuing downward pressure on third party reimbursements. In summary, the economic outlook for UAMS is stable. However, it will require a continuing commitment to improve the performance and cost efficiency of operations, to manage within budget limits, and to carefully evaluate the financial opportunities and risks ahead.

UAF

The COVID-19 pandemic caused a rapid evolution of UAF's operating environment in FY20. The pandemic has, and will continue to, foster a great deal of uncertainty in UAF's operations throughout 2021 and potentially beyond.

In the face of this uncertainty, UAF has maintained its conservative fiscal approach in 2021 with respect to budgeting for state appropriations. While state funding has not faltered to the degree anticipated, UAF continues to rely on its conservative projections of fiscal support from the state for 2021. UAF has been allocated over \$15.5 million in

federal CARES Act funding in response to the pandemic, half of this funding, in line with federal requirements, was provided directly as aid to UAF As of June 30, 2020, \$7.4 students. million of the funds intended for aid to students has been disbursed. remaining \$0.3 million will be awarded to qualifying students with need in the Fall 2020 semester. The remaining \$7.7 million will be utilized by UAF throughout 2021 to offset expenses related to the pandemic's impacts on instructional delivery, again in line with federal requirements.

The pandemic has had an impact on auxiliary revenue due to the fact that normal summer programs that result in auxiliary revenue for UAF Housing and Dining did not happen such as summer camps, in-person orientation, and any regular summer housing for students living on campus. Also, for the Spring semester, Athletics revenue was affected due to the fact the baseball season was suspended and the NCAA basketball tournament was cancelled, resulting in a of SEC conference revenue distributions. Looking into 2021, there will be a loss of ticket revenue for football due to attendance being limited to around 20 percent of capacity. It is still undetermined how long attendance limitations will continue due to the ongoing pandemic.

Financial and political support from state government remains a critical element to the continued financial health of UAF. In 2020, the total general revenue distribution from the state, which is a portion of the state appropriation revenue on the Statement of Revenues, Expenses and Changes in Net Position, increased slightly to \$209.3 million from the \$208.2 million reported in 2019. The forecast for

2021 indicate general revenue and Educational Excellence Trust Fund distributions from the State may decrease 3.9%. If state revenue continues as strong as it has, UAF may receive essentially the same level of funding in 2021 that was received in 2020. Management will continue to institute both internal and external efforts to maximize the state resources available, while seeking ways to minimize the effect of state funding levels not keeping pace with growth.

In 2017, The Arkansas Legislature enacted Act 148 which adopted a productivity-based funding model for most state-supported higher education institutions. As provided in the Act, the Arkansas Department of Education developed a productivitybased funding model with measures for effectiveness. affordability. efficiency. That model was first used to determine funding recommendations for the 2018-19 academic year and resulted in a small increase in university funding based on those measures. UAF does not anticipate material changes in its funding level over the short term based on this funding policy.

We continue to seek ways to manage the cost of attendance so that it remains affordable while achieving revenue support necessary to offer a high-quality university experience. Diverse revenue resources, including state appropriations, tuition and fees (net of scholarship allowances), private support and sponsored grants and contracts all contribute to support the mission of teaching, research and service. Tuition and mandatory fee increases totaling 2.8% for resident and nonresident students, respectively, were necessary in 2020 to maintain the facilities, faculty and other support needed to fulfill our

mission. As enrollment stabilizes, together with state funding levels not able to keep pace with formula calculations, it is expected that UAF must continue to look to increases in tuition rates for revenue support as well as grow other revenue streams.

Fiscal year 2020 was the final year of Campaign Arkansas, UAF's capital campaign to advance academic opportunity at the Favetteville campus. Campaign Arkansas had a goal of \$1.25 billion, and UAF surpassed this amount by raising nearly \$1.45 billion – a new record for fundraising. The largest gift to Campaign Arkansas was announced shortly before its conclusion – a \$194.7 million grant from the Walton Family Charitable Support Foundation for the Institute for Integrative and Innovative Research. Annual Giving also made a sizeable impact during the campaign, with more than 500,000 gifts and pledges adding up to \$96.4 million. More than benefactors 123,000 invested scholarships and fellowships, endowed faculty chairs, capital projects, interdisciplinary academic programs, and other priority areas during the campaign, and nearly \$350 million was added to the university's endowment. There were 706 new student support accounts, such as scholarships and fellowships, created as a result of Campaign Arkansas, as well as 92 faculty and staff support accounts, including 46 new endowed faculty positions.

Preliminary figures indicate that UAF enrolled 27,562 students for the fall 2020 semester while setting new records for retention and graduation rates. As the charts below indicate, UAF enrollment has increased 18.8%, or 4,363 students over the past ten years. Enrollment topped 27,500 for the third year in a row,

14

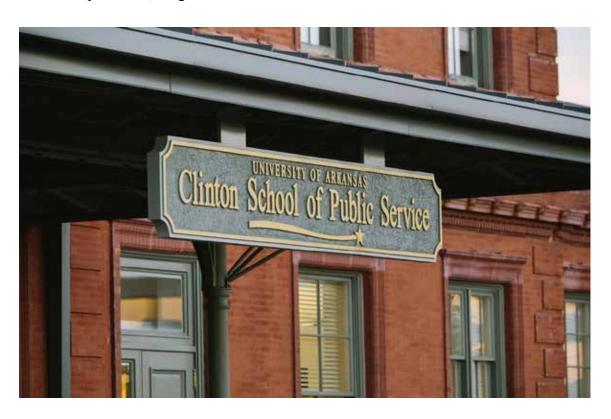

with this year's total being virtually the same as last year's enrollment of 27,559. This modest decline from two years ago is an indication that the size of UAF's enrollment is stabilizing after two decades of unprecedented growth. This is also a positive sign considering the uncertainty brought on by the pandemic. This more stable enrollment is welcomed as UAF assesses future goals and the optimum number of students.

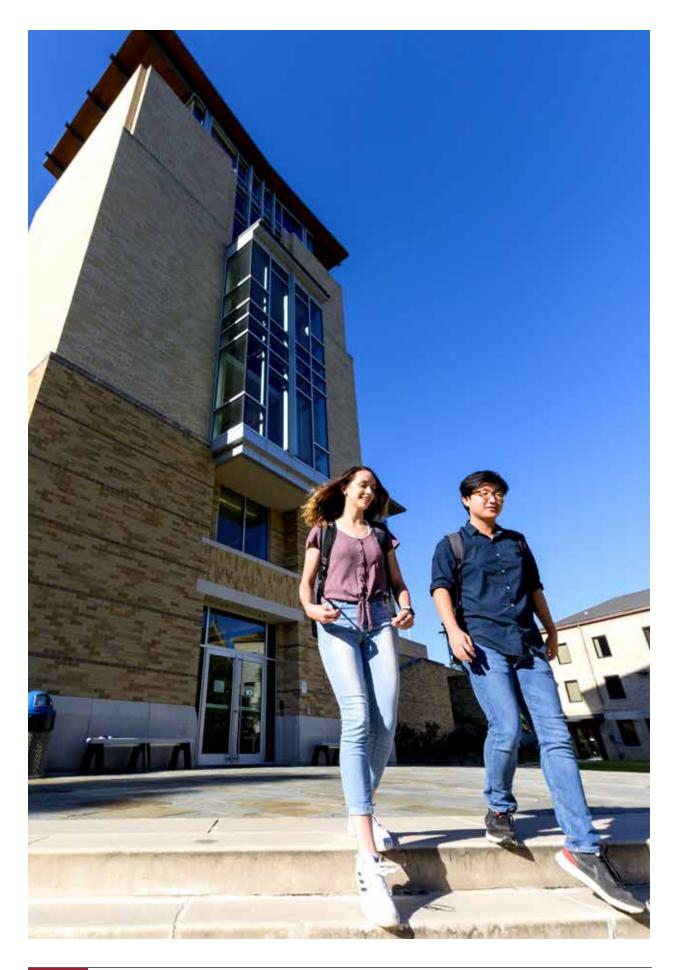

All Campuses

Financial support from state government for all campuses remains a critical element to the continued financial health of the University. For fiscal 2021, State appropriations were cut for all campuses, divisions and units of the University by 5% of the portion from the Revenue Stabilization Act. Arkansas appears to have a healthy economy even as we encounter the uncertainties of our future due to the pandemic, as general revenue

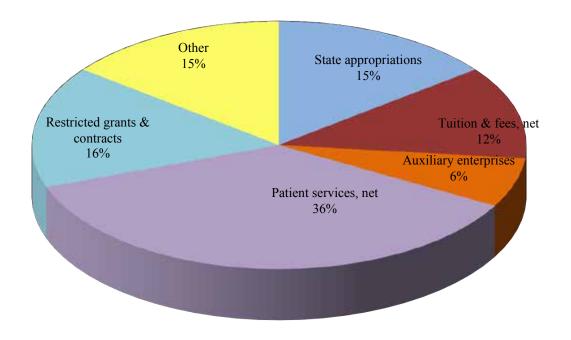

forecasts are positive, and the state budget remains balanced. The first three months of fiscal 2021 have achieved better results than the state forecast but due to the nature of the pandemic, the state is not likely to adjust the forecast. As a result of these and other economic challenges, enrollment in higher education may remain flat or decrease at most campuses as has been the case this fall, so management will continue to budget conservatively and to emphasize cost containment.

Preliminary data shows that the number of enrolled students (headcount) has decreased from the fall semester of 2019 to the fall semester of 2020, from 65,875 to 63,581. A portion of this decrease is due to the numbers being reported by the Arkansas Division of Higher Education excluding high school students who are concurrently enrolled. The number of full-time equivalent students has also decreased from 52,412 to 50,248.

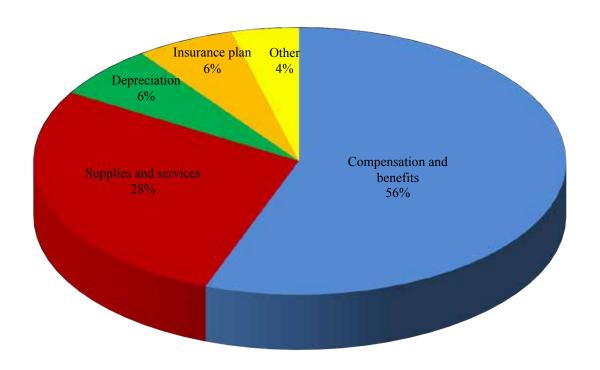

2020 Revenues \$3.346 Billion

2020 Expenses \$3.261 Billion

Note 1: Summary of Significant Accounting Policies

The financial statements for the University of Arkansas ("the University") have been prepared in accordance with generally accepted accounting principles as prescribed by the Governmental Accounting Standards Board (GASB). The accompanying notes to the financial statements are an integral part of the financial statements.

The following acronyms are used for the various campuses and divisions of the University as reported in the financial statements: UAF (University of Arkansas, Fayetteville, including the Division of Agriculture, which includes the Agricultural Experiment Station and Cooperative Extension Service, Arkansas Archeological Survey (AAS), Criminal Justice Institute (CJI), and Clinton School of Public Service), UAFS (University of Arkansas at Fort Smith), UALR (University of Arkansas at Little Rock), UAMS (University of Arkansas for Medical Sciences), UAM (University of Arkansas at Monticello), UAPB (University of Arkansas at Pine Bluff), CCCUA (Cossatot Community College of the University of Arkansas), PCCUA (Phillips Community College of the University of Arkansas Community College at Batesville), UACCHT (University of Arkansas Community College at Hope-Texarkana), UACCM (University of Arkansas Community College at Morrilton), University of Arkansas-Pulaski Technical College (UAPTC), University of Arkansas Community College at Rich Mountain (UACCRM), ASMSA (Arkansas School for Mathematics, Sciences and the Arts), and SYSTEM (University of Arkansas System Administration, including University of Arkansas System eVersity).

Basis of Presentation and Measurement Focus

For financial reporting purposes, the University is considered a special-purpose government engaged in business-type activities. Accordingly, the University's financial statements have been presented using the economic resources measurement focus and the accrual basis of accounting. Revenues are recognized in the accounting period in which they are earned and become measurable. Expenses are recognized in the period in which they are incurred, if measurable, including depreciation.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, deferred inflows, deferred outflows, revenues and expenses at the date of the financial statements. Significant estimates affecting the financial statements include the determination of allowances for uncollectible accounts, patient services-related contractual adjustments and third-party payor settlements, and various investment risks and fair market valuations. Actual results could differ from those estimates.

Cash and Cash Equivalents

Cash and cash equivalents include short-term, highly liquid investments that are readily convertible to cash and have a maturity at acquisition of three months or less.

Investments

Investments and funds held in trust by others of marketable securities are reported at fair value as established by major securities markets. The fair value of venture capital and other investments is based on the most current information reported to the University by the respective investment managers. Changes in unrealized gain (loss) on the carrying value are reported as a component of investment income on the statement of revenues, expenses and changes in net position.

Accounts Receivable

Receivables that represent charges due the University from various student fees, room and board, student fines, patient care services, and other charges are stated at estimated net realizable values; that is, the gross amount of the receivable is reduced by allowances for estimated uncollectible accounts and refunds or discounts. Receivables can also include unreimbursed expenses relating to research contracts with federal, state, and private agencies.

Patient Accounts Receivable

Patient accounts receivable are shown net of contractual allowances and an allowance for doubtful accounts. Credit balances representing refunds due are reported as accounts payable. The amount of the allowance for doubtful accounts is based upon management's assessment of historical and expected net collections, business and economic conditions, trends in federal and state governmental care coverage and other collection indicators.

Inventories

Inventories are valued at the lower of cost or market, with cost generally being determined on a first-in, first-out (FIFO) or average-cost basis.

Capital Assets

Capital assets consisting of land, buildings, improvements, furniture, equipment, intangible assets, and construction in progress, are stated at cost or acquisition value at date of gift. Library holdings are generally valued using average prices for library acquisitions. If material, in previous years, interest on borrowings to finance facilities was capitalized during construction, net of any investment income earned through the temporary investment of project borrowings. Beginning in the prior fiscal year, interest will no longer be capitalized due to early adoption of Governmental Accounting Standards Board Statement No. 89. In accordance with the University's capitalization policy, equipment includes all furniture, fixtures and equipment with a unit cost of \$5,000 or more and an estimated useful life of one year or more. Intangible assets are capitalized when the cost is \$500,000 or more for purchased software, \$1,000,000 or more for internally developed software, or \$250,000 or more for easements, land use rights, trademarks and copyrights, and patents.

Livestock is maintained primarily for research purposes with any other benefits derived from the operations considered as incidental to the primary mission of the University. The inventory value placed on the animals is determined by utilizing current market prices and breeding and research intangibles.

Depreciation is computed using the straight-line method over the estimated useful lives of the assets -- generally 15-30 years for buildings, 15-20 years for infrastructure and land improvements, 3-10 years for equipment, 10 years for library holdings, and the applicable term for capital leases.

UAMS bases its estimated useful lives on guidelines established by the American Hospital Association (AHA) which may differ slightly from those shown above for the other campuses.

Deferred Outflows of Resources

Deferred outflows of resources represent a decrease of net position that applies to future periods, therefore, these items will not be recognized as an expense or expenditure until that period.

Compensated Absences

Vested or accumulated vacation and sick leave of University employees are recorded as an expense and liability as the benefits are earned. Amounts recorded include salary expense as well as salary-related payments (e.g., FICA taxes, retirement, etc.). No liability is recorded for nonvested accumulated rights to receive sick leave benefits. The current portion of compensated absences is determined using the average balance paid annually in the prior two-year period.

Unearned Revenue

Unearned revenue consists primarily of student tuition and fees and athletic ticket sales related to future fiscal years, and amounts received from grant and contract sponsors that have not yet been earned under the terms of the agreements.

Deferred Inflows of Resources

Deferred inflows of resources represent an increase of net position that applies to future periods, therefore, these items will not be recognized as revenue until that period.

Pensions

For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the Arkansas Public Employees Retirement System and the Arkansas Teacher Retirement System (the respective Systems) and additions to/deductions from the respective System's fiduciary net position have been determined on the same basis as they are reported by the respective Systems. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

Net Position

The University's net position is classified as follows:

• Net investment in capital assets - Capital assets, net of accumulated depreciation and outstanding principal balances of debt obligations related to those capital assets. However, unexpended debt proceeds at year-end are reported as net position restricted for capital projects.

• Restricted:

<u>Non-expendable</u> — Portion subject to externally-imposed stipulations that they be maintained permanently by the University. Such assets include the University's permanent endowment funds.

<u>Expendable</u> – Portion whose use by the University is subject to externally-imposed stipulations that can be fulfilled by actions of the University pursuant to those stipulations or that expire by the passage of time. There is no formal policy requiring restricted net position to be used either before or after unrestricted net position is used for the same purpose. Responsible officials determine at the time funds are expended to use any unrestricted net position that may be available.

• *Unrestricted* – Portion that is not subject to externally imposed stipulations. This portion may be designated for specific purposes by management or the Board of Trustees or may be otherwise limited by contractual agreements with outside parties.

Classification of Revenues

The University has classified its revenues as either operating or non-operating according to the following criteria:

- Operating Revenue includes activities that have the characteristics of exchange transactions, such as student tuition and fees (net of scholarship discounts and allowances), patient services (net of contractual agreements), most federal, state, and local grants and contracts, revenues associated with auxiliary enterprises (net of scholarship discounts and allowances), interest on institutional student loans, and the University's self-funded insurance plans.
- *Non-Operating Revenue* includes activities that have the characteristics of non-exchange transactions, such as gifts and contributions, state appropriations, interest on debt, and investment income.

Scholarship Discounts and Allowances

Student tuition and fee revenues, and certain other revenues from students, are reported net of scholarship discounts and allowances. Scholarship discounts and allowances are the differences between the stated charge for goods and services provided by the University, and the amount that is paid by students and/or third parties making payments on the students' behalf. Certain governmental grants, such as Pell grants, and other federal, state, or nongovernmental programs, are recorded as either operating or non-operating revenues in the University's financial statements. To the extent that revenues from such programs are used to satisfy tuition and fees and other student charges, the University has recorded a scholarship discount and allowance.

Net Patient Services Revenue

Patient care revenue is reported at the estimated net realizable amounts from patients, third-party payors, and others for services rendered. Retroactive adjustments arising under reimbursement agreements with third-party payors are accrued on an estimated basis in the period in which the related services are rendered and adjusted as final settlements are determined.

Charity Care

UAMS provides care to patients who meet certain criteria under its charity care policy without charge or at amounts less than its established rates. Because UAMS does not pursue collection of

amounts determined to qualify as charity care, these amounts are accounted for as a reduction of patient services revenue at the time the services are rendered.

Grants and Contracts

The University has been awarded grants and contracts for operations for which the moneys have not been received or expended. These awards have not been reflected in the financial statements but represent commitments of sponsors to provide funds for specific research and training projects.

Federal research grants and contracts normally provide for the recovery of direct and indirect costs, subject to adjustment based upon review by the granting agencies. The University recognizes revenue associated with direct costs as the related costs are incurred. The recovery of indirect costs is recorded at predetermined rates negotiated with the federal government.

State Appropriations

State appropriations are reported as non-operating revenue, net of the Medicaid match payments required under various contracts between UAMS and the Arkansas Department of Human Services. The match payments were \$52,127,000 and \$93,909,000 for the fiscal years ended June 30, 2020 and 2019, respectively.

Component Units

In fiscal year 2020, there were two qualifying foundations determined to be component units for the University of Arkansas System: The University of Arkansas Foundation, Inc. and the University of Arkansas Fayetteville Campus Foundation, Inc. Although the University does not control the timing or amount of receipts from either of these foundations, the majority of resources or income thereon, which the foundations hold and invest, is restricted to the activities of the University by the donors. Because these restricted resources held by the foundations can be used only by, or for the benefit of, the University, and their individual net assets are considered as having met the financial accountability criteria by management, these two foundations are considered component units and are discretely presented in the University's financial statements.

The University of Arkansas Foundation, Inc. is a separate not-for-profit organization, which operates for charitable educational purposes, including the administration and investment of gifts and other amounts received directly or indirectly for the benefit of the University of Arkansas. The Board of Directors has twenty-two members, four of which are current or previous members of the Board of Trustees of the University of Arkansas. During the years ended June 30, 2020 and 2019, the Foundation distributed \$72,756,883 and \$69,355,873, respectively, to or on behalf of the University. Complete financial statements for the Foundation can be obtained from the administrative office at 535 Research Center Boulevard, Suite 120, Favetteville, AR 72701.

The University of Arkansas Fayetteville Campus Foundation, Inc. is a not-for-profit charitable organization which was established by the Walton Family Charitable Support Foundation, Inc., for the exclusive benefit of the University of Arkansas, Fayetteville campus. The Foundation was established on March 11, 2003, and exists primarily to support the Honors College, the Graduate School, and the University's library. The Board of Trustees of the Foundation is made up of seven members, including three members who are also employees of the University. During the years ended June 30, 2020 and 2019, the Foundation distributed \$23,387,910 and \$23,618,294,

respectively, to or on behalf of the University. Complete financial statements for the Foundation can be obtained from the administrative office at 535 Research Center Boulevard, Suite 120, Fayetteville, AR 72701.

Encumbrances

Encumbrances representing commitments and outstanding purchase orders for goods and services not received as of the last day of the fiscal year are not reported as expenses or included in liabilities in the accompanying financial statements.

New Accounting Pronouncements

The GASB issued Statement 95, *Postponement of the Effective Dates of Certain Authoritative Guidance*, which became effective immediately and delayed the implementation dates as follows:

- Statement No. 84, Fiduciary Activities, original date of FY ended 6/30/20; FY ending 6/30/21
- Statement No. 87, Leases, original date of FY ended 6/30/21; FY ending 6/30/22
- Statement No. 90, Majority Equity Interests an amendment of GASB Statements No. 14 and No. 61, original date of FY ended 6/30/20; FY ending 6/30/21
- Statement No. 91, Conduit Debt Obligations, original date of FY ended 6/30/21; FY ending 6/30/23
- Statement No. 92, Omnibus 2020, original date of FY ended 6/30/21; FY ending 6/30/22
- Statement No. 93, Replacement of Interbank Offered Rates, original date of FY ended 6/30/21; FY ending 6/30/22
- Statement No. 94, Public-Private and Public-Public Partnerships and Availability Payment Arrangements, original date of FY ended 6/30/22; FY ending 6/30/23

GASB issued these Statements in 2020 as well:

- Statement No. 96, Subscription-Based Information Technology Arrangements, implementation date of FY ended 6/30/23
- Statement No. 97, Certain Component Unit Criteria, and Accounting and Financial Reporting for Internal Revenue Code Section 457 Deferred Compensation Plans, implementation date of immediately and FY ended 6/30/22

Management has not yet determined the effects of these statements on the University's financial statements.

Note 2: Reporting Entity

The University of Arkansas System, which prior to 1969 consisted of the Fayetteville and Medical Sciences campuses, was expanded in 1969 to include the Little Rock campus (formerly Little Rock University), in 1971 to include the Monticello campus (formerly Arkansas A&M College), in 1972 to include the Pine Bluff campus (formerly Arkansas AM&N College), in 1996 to include the Phillips campus (formerly Phillips County Community College), and the Hope campus (formerly Red River Technical College), and in 1998 to include the Batesville campus (formerly Gateway Technical College). On July 1, 2001, the University was expanded to include campuses in

Morrilton (formerly Petit Jean College) and DeQueen (formerly Cossatot Community College). The Fort Smith campus (formerly Westark College) joined the University on January 1, 2002. Forest Echoes Technical Institute in Crossett and Great Rivers Technical Institute in McGehee merged with the Monticello campus on July 1, 2003. The Arkansas School for Mathematics, Sciences and the Arts, a residential high school, joined the University on January 1, 2004. On February 1, 2017, Pulaski Technical College and Rich Mountain Community College became the sixth and seventh two-year colleges to join the UA System. In addition to these campuses, the University includes the System Administration, whose financial statements include *e*Versity, and the following units that are included in the financial statements of the Fayetteville campus: Clinton School of Public Service, Division of Agriculture (Agricultural Experiment Station and the Cooperative Extension Service), Arkansas Archeological Survey, and the Criminal Justice Institute.

All programs and activities of the University of Arkansas System are governed by its Board of Trustees, which has been accorded constitutional status for the exercise of its powers and authority by Amendment 33 to the Arkansas Constitution. The Board of Trustees has delegated to the President the administrative authority for all aspects of the University's operations. Administrative authority is further delegated to the Chancellors, the Vice President for Agriculture, the Dean of the Clinton School, the Director of the CJI, the Director of AAS, and the Director of ASMSA, who have responsibility for the programs and activities of their respective campuses or state-wide operating division.

The financial reporting entity consists of (a) the primary government; (b) organizations for which the primary government is financially accountable, and (c) other organizations for which the nature and significance of their relationship with the primary government are such that exclusion would cause the reporting entity's financial statements to be misleading or incomplete. Under the provisions of this statement, the University is an institution of higher education of the State of Arkansas (primary government).

Note 3: Net Patient Services Revenue and Charity Care

Patient care operations are included in the accompanying financial statements under accounting principles generally followed by governmental colleges and universities. Patient accounts receivable at June 30, 2020 and 2019 are recorded net of an allowance for doubtful accounts of \$300,555,000 and \$323,478,000, respectively.

Net patient services revenue for the years ended June 30, 2020 and 2019, are as follows:

| GROSS PATIENT REVENUE | 2020 | 2019 |
|---|------------------|------------------|
| Gross patient revenue | \$ 3,219,592,000 | \$ 3,326,003,000 |
| Less: patient services contractual allowances | (1,956,936,000) | (1,968,128,000) |
| Less: provision for bad debt | (47,619,000) | (56,839,000) |
| TOTAL | \$ 1,215,037,000 | \$ 1,301,036,000 |

UAMS provided approximately \$39,954,000 and \$52,706,000 in charity care, based on established rates, during the years ended June 30, 2020 and 2019, respectively. Because UAMS does not pursue collection of amounts determined to qualify as charity care, they are not included in gross patient revenue above. Net patient services revenue for the years ended June 30, 2020 and 2019, includes approximately \$33,945,000 and \$97,368,000, respectively, from the Medicaid program representing payments relating to Upper Payment Limit and Disproportionate Share reimbursements. These payments are available to state-operated teaching hospitals under Medicaid regulations. Net patient services revenue for the years ended June 30, 2020 and 2019, includes approximately \$38,808,000 and \$41,128,000, respectively, of net revenue from the Supplemental Medicaid program. Parking services for the years ended June 30, 2020 and 2019, valued at \$905,000 and \$1,281,000, respectively, were provided to patients and guests at no additional charge.

The Hospital, Faculty Group Practice (FGP), and Regional Campuses have agreements with governmental and other third-party payors that provide for reimbursement at amounts different from their established rates. Contractual adjustments under third-party reimbursement programs represent the difference between the billings at established rates for services and amounts reimbursed by third-party payors. A summary of the basis of reimbursement with significant third-party payors is as follows:

Hospital:

Medicare – Inpatient acute care services rendered to program beneficiaries are paid at prospectively determined rates per discharge. These rates vary according to a patient classification system that is based on clinical, diagnostic, and other factors. Some transplantation services are paid based upon a cost reimbursement methodology. Outpatient services are paid based on a prospective payment system where services are classified into groups called Ambulatory Payment Classifications (APC). Services in each APC are similar clinically and in terms of the resources they require. The Hospital is paid for cost-reimbursable items at a tentative rate with final settlement determined after submission of an annual cost report by the Hospital and audit by the Medicare fiscal intermediary. As of June 30, 2020, the Hospital's Medicare cost reports have been audited by the Medicare fiscal intermediary through June 30, 2017.

Medicaid – Inpatient and outpatient services rendered to Medicaid program beneficiaries are reimbursed based upon a cost-reimbursement methodology. The Hospital is paid at a tentative rate with final settlement determined after submission of an annual cost report by the Hospital and audits by the Medicaid audit contractor. The Hospital is required to pay the federal match for the difference in reimbursement between the Tax Equity and Fiscal Responsibility Act inpatient rate and full cost. For outpatient services, the Hospital is required to pay the federal match for the difference reimbursed between the outpatient prospective rates and full cost. As of June 30, 2020, the Hospital's Medicaid cost reports have been audited by the Medicaid audit contractor through June 30, 2013.

FGP and Regional Campuses:

Services rendered to both Medicare and Medicaid program beneficiaries are reimbursed on prospectively determined rates per unit of service.

Laws and regulations governing the Medicare and Medicaid programs are complex and subject to interpretation. As a result, there is at least a reasonable possibility that recorded estimates will change by a material amount in the near term. The net adjustments to estimated settlements resulted in no change to net patient services revenue for the years ended June 30, 2020 and 2019. Management believes that UAMS is in compliance with all applicable laws and regulations and is not aware of any pending or threatened investigations involving allegations of potential wrongdoing. While no such regulatory inquiries have been made, compliance with such laws and regulations can be subject to future government review and interpretation, as well as significant regulatory action including fines, penalties, and exclusion from the Medicare and Medicaid programs.

The Hospital, FGP, and Regional Campuses have agreements with certain commercial insurance carriers and preferred provider organizations, which include prospectively determined rates per discharge, discounts from established charges, and prospectively determined per diem rates.

Additionally, UAMS has agreements to provide healthcare professionals to independent healthcare providers at contractually determined rates. These providers are responsible for billing and collecting from patients and third-party payors, as applicable, for the services provided by UAMS staff supplied by these contracts.

Note 4: Cash, Cash Equivalents and Investments

A.C.A. §19-4-805 authorizes institutions of higher learning to determine the depositories and nature of investments of any of their cash funds which are not currently needed for operating purposes.

Cash and Cash Equivalents

Cash deposits are carried at cost. The following schedule reconciles the amount of deposits to the statement of net position at June 30, 2020:

| Cash and Cash Equivalents | |
|--|-------------------|
| Cash deposits at year end | \$ 581,121,877 |
| cash held on deposit in state treasury | 35,499,976 |
| cash equivalents | 145,760,679 |
| cash on hand | 228,398 |
| Less: cash/cash equiv shown as deposits held in trust on SNP | (140,972,167) |
| adjustment for deposits in transit within the system | 9,355 |
| TOTAL | \$ 621,648,118 |
| | |

Deposits are exposed to custodial risk if they are not covered by depository insurance (FDIC) and are uncollateralized. At June 30, 2020, \$750,000 of the University's bank balances related to a Certificate of Deposit at a local bank were exposed to custodial credit risk.

Investments

Investments are reported at fair value, which, for reporting purposes, is market value. The following is a summary of the University's investments held at June 30, 2020:

| Investment Type | Fair Value |
|--|----------------|
| Mutual & Money Market Funds | \$ 172,622,418 |
| Corporate & Municipal Bonds | 65,667,152 |
| External Investment Pool | 159,309,842 |
| Short-term Investment Fund Pool | 235,688,261 |
| Certificate of Deposits | 64,239,721 |
| U.S. Treasury & Government Sponsored Agencies | 336,824,606 |
| Commercial Paper | 20,988,663 |
| Other | 5,671,526 |
| Sub-Total | 1,061,012,189 |
| -shown as cash/cash equiv on Stmt of Net Position | (145,803,325) |
| -shown as deposits held in trust on Stmt of Net Position | (67,805,515) |
| Investments as reported on Stmt of Net Position | \$ 847,403,349 |

The University is required to provide investment risk disclosures for all invested funds. Interest rate risk is the risk that changes if interest rates will adversely affect the fair value of an investment. Credit risk is the risk that an issuer or other counterparty to an investment will not fulfill its obligations. The following tables show these risks for the University's funds outside the external investment pool and short-term investment fund pool.

| | | Interest Rate Risk | | | | | | | |
|-----------------------------------|-------------------|--------------------|-------------|----|---------------|-------|--------------|----|-------------|
| | | | | I | nvestment Mat | uries | s (in years) | | |
| Investment Type | Fair Value | | Less than 1 | | 1 to 5 | | over 5 | M | ore than 10 |

External Investment Pool

In 1997, the University of Arkansas and the University of Arkansas Foundation established an external investment pool. This arrangement commingles (pools) the moneys of more than one legally separate entity and invests, on the participants' behalf, in an investment portfolio. Subsequent to its establishment, other entities have joined including the Walton Arts Foundation in 1998, the Fayetteville Campus Foundation in 2003, the University of Arkansas Community College at Hope Foundation in 2007, the Razorback Foundation in 2012, and the University of Arkansas Technology Development Foundation in 2016.

The external investment pool is exempt from registration with the Securities and Exchange Commission. The University of Arkansas Board of Trustees and the University of Arkansas Foundation Board of Trustees were the sponsors of this investment pool and were responsible for operation and oversight for the pool. All participation in this investment pool is voluntary.

In January 2010, the University of Arkansas Investment Committee approved an agreement which delegated authority to the UA Foundation to manage University funds held in the Pool. The agreement included delegation of all responsibility for all investment guidelines and performance objectives for accounts within the Pool. The agreement also delegated to the UA Foundation authority for further delegation of portfolio implementation decisions to one or more investment managers. In January 2010, the UA Foundation entered into such an agreement with Cambridge Associates, LLC.

In 2018, the UA Foundation revised their investment policies to only allow endowed monies to be maintained in the investment pool. In response to the change, the UA System Investment Committee approved an agreement with Wilmington Trust to create a short-term investment pool for non-endowed investments. PFM Asset Management LLC was selected through a request for proposals to act as an investment advisor for the UA System for this pool designated as the Short-Term Investment Fund, or STIF (see below for additional information).

At June 30, 2020, four campuses and one division (UAF, Division of Agriculture, UALR, UAMS, and UAM) and six foundations participated in the Pool, whose net assets totaled \$2,035,645,456. The Pool was combined with 8.07% of the net assets owned by the University of Arkansas and external portions as follows: 62.78% by the University of Arkansas Foundation, 27.56% by the Fayetteville Campus Foundation, 0.74% by the Walton Arts Foundation, 0.14% by the University of Arkansas Community College at Hope Foundation, 0.03% by the University of Arkansas Technical Development Foundation, and 0.68% by the Razorback Foundation. The following tables contain information on the risk disclosures of the Pool.

Short-Term Investment Fund Pool

This pool was created for campuses to invest funds on a short-term basis so that the funds would be accessible within a short period to them as needed. There are six campuses or divisions currently invested in the STIF. The breakdown by campus or division at June 30, 2020 is as follows: System-20.23%, UALR-18.6%, UAMS-45.53%, UAM-1.33%, PCCUA-1.33%, UACCM-1.56%, and the Division of Agriculture-11.42%. The following tables contain information on the risk disclosures of the STIF.

Endowment Funds

A.C.A. § 28-69-804 states, "Subject to the intent of a donor expressed in the gift instrument, an institution may appropriate for expenditure or accumulate so much of an endowment fund as the institution determines is prudent for the uses, benefits, purposes, and duration for which the endowment fund is established. Unless stated otherwise in the gift instrument, the assets in an endowment fund are donor-restricted assets until appropriated for expenditure by the institution.

The University does not have a uniform policy addressing the authorization and spending of investment income. Such policies have been established at the applicable campuses and include spending rates averaged over a specified period and compliance with donor restrictions. The computation of net appreciation on investments of donor-restricted endowments that were available for expenditure at June 30, 2020 and 2019, is as follows:

| | J | une 30, 2020 | Jl | ine 30, 2019 |
|---|----|--------------|----|--------------|
| Total Endowment | \$ | 151,354,878 | \$ | 175,184,496 |

| Available for Expenditure | \$ | 49,800,798 | \$ | 48,320,549 |

I--- 20 2020

T---- 20 2010

Note 5: Fair Value Measurement

The University's fair value hierarchy that prioritizes the inputs to valuation techniques gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

An individual investment's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. However, the determination of what constitutes "observable" requires significant judgment by the University. The University considers observable data to be market data, which is readily available, regularly distributed or updated, reliable and verifiable, not proprietary, and provided by multiple, independent sources that are actively involved in the relevant market. The categorization of an investment within the hierarchy

is based upon the pricing transparency of that investment and does not necessarily correspond to the University's perceived risk of that investment.

The three levels of the fair value hierarchy are as follows:

- Level 1: Inputs that reflect unadjusted quoted prices in active markets for identical assets or liabilities that the University has the ability to access at the measurement date. Publicly traded equity securities and mutual funds are the primary investments included in Level 1 and are valued at the individual security's closing market price.
- Level 2: Inputs other than quoted prices that are observable for the asset or liability, either directly or indirectly. Observable inputs are those that reflect the assumptions market participants would use in pricing the asset developed based on market data obtained from independent sources. These types of sources would include quoted prices for similar assets in active markets, quoted prices for identical or similar assets in inactive markets, models or other valuation methodologies. Level 2 investments include U.S. and international government debt securities valued at market corroborated prices and certain equity and fixed income investments in commingled investment vehicles reported at net asset value derived from the market prices of security holdings.
- Level 3: Inputs that are unobservable. Unobserved inputs are those that reflect the University's own assumptions about what market participants would use in pricing the asset developed based on the best information available. These types of sources would include investment manager pricing for private equities, hedge funds and certain limited partnerships. Limited partner interests in private equity and other partnerships and hedge fund investments are included in Level 3 and are valued using the individual investment manager's reported estimates of fair value developed in accordance with reasonable valuation policies.

The preceding methods may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the University believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth, by level within the valuation hierarchy, University invested funds, including amounts reported as deposits with bond trustees on the Statement of Net Position, at June 30, 2020:

| | Sumr | nary of Inves | tments | by Fair Value Lev | vel | | | |

| | | | | | | | | |

Debt and equity securities classified in Level 1 of the fair value hierarchy are valued using prices quoted in active markets for those securities. Debt and equity securities classified in Level 2 of the fair value hierarchy are valued using a funds accounting technique or are provided by time deposit custodians. Securities classified in Level 3 are valued using par value on the face of the investments.

Investments Measured at the NAV at June 30, 2020:

| | | Redemption | Redemption |
|--|-------------------|------------|---------------|
| | Fair Value | Frequency | Notice Period |
| External Investment Pool - UA Foundation Total Return Pool (1) | \$ 159,079,061 | Daily | 7 - 30 days |

| External Investment Pool - UAFS Foundation | 230,781 | Daily | 0 days |
| Total Investments measured | | | |
| at the NAV | \$ 394,998,103 | | |

- (1) This type includes investments in a broadly diversified external investment pool. Pooled investments include allocations to global equities, hedge funds, bonds, natural resources and real estate. The assets in the pool are accounted for at fair value determined according to the principles of the Financial Accounting Standards Board. A one-week notice is required for redemptions over \$1 million. There is also a requirement for 30 days written notice if total withdrawals will exceed \$25 million in any 30-day period.
- (2) This type includes investments in a short-term investment pool comprised of fixed income investments with a duration of two years or less. The pooled investments are allocated primarily to treasuries, government agency bonds, corporate bonds, commercial paper, negotiable certificates of deposit, and money-market funds. The assets in the STIF are accounted for at fair value determined according to the principles of the Financial Accounting Standards Board. A three-day notice is requested for redemptions of any amount.

Note 6: Disaggregation of Accounts Receivable and Accounts Payable

Current accounts receivable balances, net of allowances, at June 30, 2020 and 2019, as shown on the Statements of Net Position, consist of the following:

| ACCOUNTS RECEIVABLE | Jı | ine 30, 2020 | Ju | me 30, 2019 |
|--------------------------|----|--------------|----|-------------|
| Student accounts | \$ | 19,674,741 | \$ | 17,444,964 |
| Non-student accounts | | 87,092,848 | | 72,124,617 |
| Grants and contracts | | 39,018,388 | | 36,061,290 |

Library holdings, including old and rare books, valued at \$1,226,000 and \$1,273,000 at June 30, 2020 and 2019, respectively, held by the Medical Sciences Campus, are not included in the above chart or in the accompanying Statements of Net Position.

Note 8: Short-Term Borrowing

The University had no short-term debt activity during the fiscal year, nor is there any outstanding balance of short-term debt as of June 30, 2020 or 2019.

Note 9: Compensated Absences

Employees accrue and accumulate annual and sick leave in accordance with policies established by the Board of Trustees. The University accrues the dollar value of leave benefits in accordance with generally accepted accounting principles which require accrual of salary-related payments directly and incrementally associated with compensated absences, such as employer's share of social security taxes, as well as applicable salary expenses. These leave benefits are payable upon retirement, termination, or death of employees, up to the maximum allowed.

Full-time, non-classified employees accrue annual leave at the rate of fifteen hours per month and full-time classified employees accrue at a variable rate (from eight to fifteen hours per month) depending upon the number of years of employment in state government. Employees who are less

than full-time, but are at least 50% time, accrue annual leave at prorated amounts. Under the University's policy, an employee may carry accrued annual leave forward from one calendar year to another, up to a maximum of 240 hours (30 working days). Classified employees who meet the conditions to be considered retirees at the time of termination of employment, are entitled to a partial payment of accumulated, unused sick leave in accordance with the provisions of Arkansas Code Annotated (A.C.A.) § 21-4-501. In accordance with A.C.A. § 21-4-505, two-year institutions may, at their discretion, provide to non-classified employees the same compensation for accumulated unused sick leave provided to classified employees. The Code also allows four-year institutions the same option. In no event shall an employee receive a sick leave amount upon separation that exceeds \$7,500.

Changes in compensated absences are shown below:

Note 10: Bonds, Notes, Capital Leases and Installment Contracts Payable

The retirement of some bond issues is secured by a specific pledge of certain gross revenues, surplus revenues and specific fees. Separate accounting is not required for these facilities under the provisions of the debt instruments; accordingly, segment reporting is not required for financial reporting purposes. A summary of long-term debt by campus is shown below. Total debt of \$1,691,704,462 shown in these schedules, which is related to bonds, notes, capital leases and installment contracts, differs from the amount of \$1,686,106,798 shown on the Statement of Net Position. This is due to an elimination entry of \$5,597,664 to account for two loans between UA campuses (see Note 19).

The current portion shown above for bonds, notes, capital leases, and installment contracts differs from the statement of net position by \$425,622, which is the current portion of elimination entries related to intercompany debt (see Note 19).

Future Principal and Interest Payments

Total long-term debt principal and interest payments are shown below. Interest payments for variable rate debt have been calculated using the rate in effect at the financial statement date, though actual rates will vary. Total debt of \$1,691,704,462 shown in these schedules, which is related to bonds, notes, capital leases and installment contracts, differs from the amount of \$1,686,106,798 shown on the Statement of Net Position. This is due to an elimination entry of \$5,597,664 to account for two loans between UA campuses (see Note 19).

New Bonds Payable and Refundings

For the year ended June 30, 2020:

On July 25, 2019, the University closed the Board of Trustees of the University of Arkansas Various Facilities Revenue Refunding and Improvement Bonds (**Rich Mountain Campus**) Series 2019 with a par amount of \$8,250,000. The bonds provide resources of \$7,500,808 for the acquisition, construction, furnishing and equipping of a student housing facility on the Mena campus, the construction, renovation, expansion, equipping, and furnishing of classroom and student facilities on the Mena campus and the acquisition, construction, improvement, renovation, equipping and/or furnishings of other qualifying capital projects. The funding for an account for interest during construction of \$199,431 was also provided. In addition, the bonds provide resources of \$1,603,443 for the current refunding of the Board of Trustees of Rich Mountain Community College Student Tuition and Fee Revenue Bonds, Series 2012.

On August 22, 2019, the University issued \$59,655,000 in Various Facility Revenue Bonds (Fayetteville Campus), Series 2019A, with interest rates of 4.0% to 5.0%. A portion of the bond proceeds were used to accomplish the current refunding of Series 2009 Bonds. Net bond proceeds and premiums of \$42,662,014 from Series 2019A along with \$1,889,889 of cash from the University was deposited into an escrow account to retire the bonds. All outstanding bonds dated December 15, 2009 were refunded on November 1, 2020. The refunding resulted in a difference between the reacquisition price and then net carrying amount of the old debt of \$20,234. This difference, reported in the accompanying financial statements as Deferred outflows of resources, will be amortized through the fiscal year 2039. The University completed the refunding to reduce its total debt service payments over the next twenty-one years by \$10,034,385 and to obtain a net present value economic gain of \$8,124,671. The escrow account was closed out when the refunded bonds were redeemed as of November 1, 2020. The remaining proceeds were provided to fund various capital improvements. Project include renovation, furnishing, and equipping of Mullins Library; acquisition, construction, and equipping of intramural sports facilities, Student Success Center, north chilled water plant and utility systems; and the acquisition, construction,

improvement, renovation, equipping and/or furnishing of other capital improvements and infrastructure and the acquisition of various equipment or real property for the campus.

On August 22, 2019, the University issued \$24,900,000 in Athletic Facilities Revenue Bonds (**Fayetteville Campus**), Series 2019A. The bonds, with an interest rate of 5.0% were used to provide financing for capital improvements of various athletic facilities as well as acquiring, constructing, furnishing, and equipping a track and field high performance center for men's and women's track and field teams and a baseball development center at Baum-Walker Stadium.

The University issued tax exempt Various Facility Revenue Bonds (**Medical Sciences Campus**), Series 2019A, on October 24, 2019. The issue provided \$48,615,000 for infrastructure and an energy conservation project. The bonds bear interest rates of 5%. Principal payments are made annually until March 2032. Interest payments are made semiannually. The University also issued taxable Various Facility Revenue Bonds (**Medical Sciences Campus**), Series 2019B, on October 24, 2019. The issue provided \$97,470,000 for infrastructure and an energy conservation project. The bonds bear various interest rates from 2.906% to 3.45%. Principal payments are made annually until October 2042.

On November 5, 2019, the University issued \$139,220,000 in Various Facility Revenue Bonds (**Fayetteville Campus**), Taxable Refunding Series 2019B. The bonds, with interest rates of 1.76% to 3.40% were issued to accomplish the taxable advance refunding of Various Facility Revenue Bonds (Fayetteville Campus), Series 2011A and Series 2012B, as well as to pay cost of issuing the bonds. Net bond proceeds and premiums of \$138,656,975 were deposited into an escrow account to retire \$78,945,000 of the outstanding Series 2011A bonds and \$50,645,000 of the outstanding Series 2012B bonds. The combined refunding resulted in a difference between the reacquisition price and the net carrying amount of the old debt of \$653,724. The difference, reported in the accompanying financial statements as Deferred outflows of resources, will be amortized through the fiscal year 2041. The University completed the refunding to reduce its total debt service payments over the next twenty-four years by \$22,315,239 and to obtain an economic gain of \$16,322,779. The escrow account had a balance of \$136,593,097 and the remaining, outstanding defeased bonds had a balance of \$129,590,000 as of June 30, 2020.

On November 5, 2019, the University issued \$56,685,000 of the Board of Trustees of the University of Arkansas Student Tuition and Fee Revenue Bonds (**Pulaski Technical College Campus**), Taxable Refunding Series 2019A. The bonds, with interest rates of 1.796% to 3.452%, were issued to accomplish the taxable advance refunding of \$59,465,000 of the Board of Trustees of the University of Arkansas Student Tuition and Fee Revenue Bonds (**Pulaski Technical College Campus**), Series 2011 as well as to pay the costs of issuing the bonds. Net bond proceeds of \$63,254,472 including University contributions of \$805,000 and the release of the 2011 escrow account balance of \$5,847,542. The refunding resulted in a difference between the reacquisition price and the net carrying amount of the old debt of \$4,084,115, reported in the accompanying financial statements as deferred outflows of resources, will be amortized through fiscal year 2041. The University completed the refunding to reduce its total debt service payments over the next twenty-one years by \$18,306,944 and to obtain an economic gain of \$12,759,696 (including the funds released from escrow of \$5,847,542, net of funds on hand of \$1,431). The escrow account

had a balance of \$60,709,984 and the remaining, outstanding defeased bonds had a balance of \$59,465,000 as of June 30, 2020.

For the year ended June 30, 2019:

On July 26, 2018, the University issued \$20,385,000 in Various Facility Revenue Bonds (**Fayetteville Campus**), Series 2018A, with an interest rate of 5.0%. The bonds were issued to provide funds to finance various construction and renovation projects on the University campus and were issued on a tax-exempt basis. Project include renovation of Mullins Library; construction, equipping and furnishing of the Student Success Center, an offsite Library Storage Building, the Civil Engineering Research Education Center and intramural sports facilities; construction and equipping of improvements to the south campus steam and utility system; construction and improving of a remote parking facility to be utilized by staff and faculty; renovation, expansion and equipping of Kimpel Hall; and preliminary design of various other facilities planned for the campus.

On July 26, 2018, the University issued \$6,560,000 in Various Facility Revenue Bonds (**Fayetteville Campus**), Series 2018B, with an interest rate ranging from 2.65% to 4.00%. The bonds were issued to provide funds to finance various construction and renovation projects on the University campus and were issued on a taxable basis. Projects include renovation of the Arkansas Union Food Court and renovation and expansion of Pomfret Dining Hall.

Note 11: Commitments

The University has contracted for the construction and renovations of several facilities. At June 30, 2020, the estimated remaining costs to complete these facilities are shown below.

| | Contract |
|--------|-------------------|
| Campus | Balance |
| UAF | \$ 106,694,449 |
| UAFS | 635,691 |
| UALR | 466,464 |
| UAMS | 127,644,000 |
| UAM | 306,157 |
| UAPB | 283,026 |
| UACCB | 15,000 |
| UACCRM | 2,423,153 |
| | \$ 238,467,940 |

The University has entered into various operating leases for buildings and equipment. It is expected that in the normal course of business such leases will continue to be required. Total operating leases expense in the fiscal years ended June 30, 2020 and 2019, were \$11,027,376 and \$10,962,374, respectively. Below are the scheduled payments for each of the five succeeding fiscal years and thereafter.

| Operating Leases | | | | |
|----------------------------|----|-----------|--|--|
| Year Ended June 30, Amount | | | | |
| 2021 | \$ | 9,018,510 | | |
| 2022 | | 4,690,384 | | |
| 2023 | | 2,944,038 | | |
| 2024 | | 2,244,027 | | |
| 2025 | | 1,941,519 | | |
| 2026-2030 | | 5,137,282 | | |

Note 12: Income Taxes

The University is tax exempt under the Internal Revenue Code except for tax on unrelated business income. The University had no significant unrelated business income for the year ended June 30, 2020. It is also exempt from state income taxes under Arkansas law. Accordingly, no provision for income taxes is made in the financial statements.

Note 13: Risk Management

The University of Arkansas Risk Management Program provides insurance coverage for all campuses within the University of Arkansas System. The role of the System Office is to analyze and recommend insurance coverage, but it is ultimately a campus decision on specific coverage requirements.

Property coverage was provided through Travelers' Insurance Company. A specific wind and hail deductible buy-back policy was purchased separately through Lloyds.

Auto coverage, through Cypress Insurance, a Berkshire Hathaway company, has a physical damage deductible of \$1,000 and provides coverage against liability losses up to \$1,000,000 per occurrence.

The Medical Sciences campus separately maintains malpractice insurance for certain employees under a claims-made policy.

The University does not purchase general liability, errors or admissions, or tort immunity for claims arising from third-party losses on University property as the University of Arkansas has sovereign immunity against such claims. Claims against the University for such losses are conducted before the State Claims Commission. In such cases where the University enters into a lease agreement to hold a function at a location not owned by the University or for special events, general liability coverage may be purchased for such functions.

The University maintains worker's compensation coverage through the State of Arkansas program. Premiums are paid through payroll and are based on a formula calculated by the Arkansas Department of Finance and Administration. The types of benefits and expenditures that are paid include the following: medical expenses, hospital expenses, death benefits, disability and claimant's attorney fees.

Additionally, the University participates in the State of Arkansas Fidelity Bond Program for claims of employee dishonesty. This program has a limit of \$300,000 recovery per occurrence with a \$2,500 deductible. Premiums are paid annually via a fund transfer from state appropriations to the Arkansas Department of Finance and Administration.

There have been no reductions in insurance coverage from the prior fiscal year. Settled claims resulting from these risks have not exceeded commercial insurance coverage in any of the past three fiscal years.

Note 14: Employee Benefits

Insurance Plans

The Board of Trustees of the University of Arkansas System sponsors self-funded health (including prescription coverage) and dental benefit plans for University employees and their eligible dependents. All campuses participate in the health and dental plans. The plans are also offered to employees of the University of Arkansas Winthrop Rockefeller Institute, the University of Arkansas Foundation, Inc., the Razorback Foundation, Inc., the Walton Arts Center Council, Inc., and the University of Arkansas Technology Development Foundation.

At June 30, 2020, a total of 17,942 active employees, former employees, and pre-65 retirees were participants in the health plan. As of June 30, 2020, there were three different health plans: the Classic Plan, the Premier Plan and the Health Savings Plan. Campuses pay anywhere from 30% to 88% of the Classic Plan premium, 25% to 77% of the Premier Plan premium, and 32% to 96% of the Health Savings Plan premium. Within the System subsidy guidelines, each campus makes its contribution determination based on budget considerations. Retirees and former employees, through COBRA, participate on a fully contributory basis. A total of 19,341 active employees, former employees, and retirees were participants in the dental plan as of June 30, 2020. The University pays 0% to 100% of the total premium for full-time active employees, while retirees and former employees, through COBRA, participate on a fully contributory basis.

Both plans are accounted for on the accrual basis. The System administration estimates the medical, pharmacy and dental claims liability to be \$17,684,300 at June 30, 2020. This liability is established for incurred but not paid (IBNP) claims, and includes a related accrual for claim adjustment expenses, which are expenses incurred in the ultimate settlement of the claim. The claims and claims adjustment accrual for health, pharmacy and dental is based on the calculation prepared by Sibson Consulting.

The System administration purchases specific reinsurance from United Healthcare-BP to reduce its exposure to large claims. In a fiscal year, after paying claims of more than \$1,125,000 for any one covered individual, the University pays an aggregating specific deductible of \$200,000, on the first claim exceeding \$1,125,000 in paid claims, before being reimbursed from the reinsurance company. The plan has not purchased any annuity contracts on behalf of claimants. If needed, the University would make arrangements through its reinsurance carrier.

The funding levels for the Plan were established based upon anticipated year-end loss ratios of 100%. As of June 30, 2020, the loss ratio for the health plan was 104% and the loss ratio for the dental plan was 81%.

The System administration retains and accounts for all of the risk financing associated with the self-insurance plan's activities in accordance with GAAP.

Reconciliation of Changes in the Liability for Future Insurance Claims

FY20

The liability for future insurance claims includes health, pharmacy and dental incurred but not paid (IBNP)

Retirement Plans

claims/claim adjustment expenses only.

Over ninety-seven percent of all employees of the University participate in the University of Arkansas Retirement Program (URP). The URP is a defined contribution 403(b) and 457(b) program as defined by the Internal Revenue Service Code. The authority under which the URP's benefits provisions are established or amended is through the President of the University through the Board of Trustees. Arkansas Code Annotated authorizes participation in the plan. Active recordkeeper/vendors to the URP include Teachers Insurance Annuity Association (TIAA) and Fidelity Investments.

The URP is a contributory plan with the required employee contribution and the University matching contribution, within IRS match limits. All campuses transitioned to a uniform contribution formula by July 2020. That contribution formula requires an employer base contribution equal to 5% of an employee's eligible salary to their TIAA or Fidelity Investments retirement account, allocated between the two companies according to the employee's choice, with a required employee contribution of 4%, increasing to 5% effective July 1, 2021. Varying existing different contribution formulas at the two-year campuses were closed to new participants effective June 30, 2020.

The University makes a one-for-one contribution for employee contributions in excess of 5%, with a maximum total University contribution of 10% of eligible salary up to the IRS match limit, which at June 30, 2020, was \$28,500. Employee contributions in excess of 10% are allowed by the plans in accordance with Internal Revenue Service regulations, but the University does not match these additional contributions.

All benefits attributable to plan contributions made by the participant are immediately vested in the participant, and contributions made by the University are cliff vested upon completion of two consecutive years of URP participation. The University's TIAA and Fidelity contributions for the fiscal years 2020 and 2019 were \$108,838,634 and \$105,808,392, respectively. The participants' contributions for the fiscal years 2020 and 2019 were \$127,904,057 and \$122,017,565, respectively.

Other than a small number of employees enrolled in federal retirement programs due to their position and funding, the remaining benefits eligible employees of the University participate in one of the two State-sponsored defined benefit retirement plans which are closed to new University participant enrollment. Current University employees who are participants in the Arkansas Public Employees Retirement System (APERS) or the Arkansas Teachers Retirement System (ATRS) continue in that participation. Current University employees who are current APERS or ATRS participants and who transfer without a break in service between University System campuses may continue in APERS participation.

APERS is a cost-sharing multiple employer defined benefit pension plan administered by the State of Arkansas. The University's required contribution rate was an amount equal to 15.32% of eligible salary in fiscal year 2020. Those employees hired after July 1, 2005, must be contributory unless they had prior service as a state employee. Employees hired before that date may be contributory. The University's contributions for the fiscal years 2020 and 2019 were \$4,474,936 and \$5,079,699, respectively. Participants' contributions for the fiscal years 2020 and 2019 were \$1,187,504 and \$1,353,108, respectively. The annual required contribution amounts and the percentage contributed are determined by the annual actuarial valuation as set forth in Arkansas Code. APERS issues a publicly available financial report, which may be obtained by writing: APERS, One Union National Plaza, 124 W. Capitol, 5th Floor, Little Rock, AR 72201.

ATRS is a cost-sharing multi-employer defined benefit pension plan. The University contributed an amount equal to 14.25% of all covered employees' salaries in fiscal year 2020. Under certain conditions, covered employees may voluntarily contribute 6% of their salary. The University's contributions for the fiscal years 2020 and 2019 were \$1,416,960 and \$1,616,340, respectively. Participants' contributions for the fiscal years 2020 and 2019 were \$504,001 and \$512,590, respectively. The annual required contribution amounts and the percentage contributed are determined by the annual actuarial valuation as set forth in Arkansas Code. ATRS issues a publicly available financial report, which may be obtained by writing: ATRS, 1400 W. 3rd Street, Little Rock, AR 72201.

The University has, from time to time, negotiated voluntary early retirement agreements with faculty and staff which may include the provision of a stipend and healthcare or other benefits for

future periods. The amount of liability established for these type agreements was \$451,150 at June 30, 2020.

NOTE 15: Defined Benefit Pension Plans

Arkansas Public Employees Retirement System (APERS)

Plan Description

APERS is a cost-sharing, multiple-employer, defined benefit pension plan administered by the State of Arkansas. The plan was established by the authority of the Arkansas General Assembly with the passage of Act 177 of 1957. The costs of administering the plan are paid out of investment earnings. The general administration and responsibility for the proper operation of the System is vested in the nine members of the Board of Trustees of the Arkansas Public Employees Retirement System (the Board). Membership includes three state and three non-state employees, all appointed by the Governor, and three ex-officio trustees, including the Auditor of the State, the Treasurer of the State and the Director of the Department of Finance and Administration. APERS issues a publicly available financial report that can be obtained at http://www.apers.org/publications.

Benefits Provided

Benefit provisions are set forth in Arkansas Code Annotated, Title 24, Chapter 4 and may only be amended by the Arkansas General Assembly. APERS provides retirement, disability and death benefits. Retirement benefits are determined as a percentage of the member's highest 3-year average compensation times the member's years of service. The percentage used is based upon whether a member is contributory or noncontributory as follows:

| 2.11% |
|-------|
| 2.07% |
| 2.03% |
| 2.00% |
| 1.75% |
| 1.72% |
| |

Members are eligible for full retirement benefits under the following conditions:

- at age 65 with 5 years of service,
- at any age with 28 years credited service.

Members may retire with a reduced benefit at age 55 with at least 5 years of actual service at age 55, or at any age with 25 years of service.

Members are eligible for disability benefits with 5 years of service. Disability benefits are computed as an age and service benefit, based on service and pay at disability. Death benefits are paid to a surviving spouse as if the member had 5 years of service and the monthly benefit is computed as if the member had retired and elected the Joint & 75% Survivor option. A cost-of-living adjustment of 3% of the current benefit is added each year.

Effective July 1, 2016, new employees of the University are no longer eligible to participate in the Arkansas Public Employees Retirement System (APERS). Existing APERS participants are allowed to continue APERS participation.

Contributions

Contribution requirements are set forth in Arkansas Code Annotated, Title 24, Chapter 4. The contributions are expected to be sufficient to finance the costs of benefits earned by members during the year and make a level payment that, if paid annually over a reasonable period of future years, will fully cover the unfunded costs of benefit commitments for services previously rendered. Members who began service prior to July 1, 2005, who elected to remain in the non-contributory plan, are not required to make contributions to APERS. Members who began service on or after July 1, 2005, are required to participate in the contributory plan and contribute 5% of their salaries. Employers are required to contribute at a rate established by the Board of Trustees of APERS based on an actuary's determination of a rate required to fund the plan. The University contributed 15.32% of applicable compensation for the fiscal year ended June 30, 2020.

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources to Pensions

At June 30, 2020, the University reported a liability of \$39,944,209 for its proportionate share of the net pension liability. The net pension liability was measured as of June 30, 2019, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date. The university's proportion of the net pension liability was based on the university's share of contributions to the pension plan relative to the total contributions of all participating employers. At June 30, 2020, the university's proportion was 1.656%, which was a decrease of 0.352% from its proportion measured as of June 30, 2019.

For the year ended June 30, 2020, the University recognized pension expense of \$6,914,970. At June 30, 2020, the University reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

| APERS | Defe | erred outflows | Defe | rredinflows |
|---|------|----------------|------|--------------|
| Diff - expected & actual experience | \$ | 1,087,100 | \$ | (59,344) |
| Changes of assumptions | | 2,168,034 | | (1,535,502) |
| Net difference in projected/actual earnings | | - | | (303,393) |
| Changes in proportion | | 1,464,362 | | (8,730,790) |
| University contributions subsequent to measurement date | | 4,474,936 | | |
| | \$ | 9,194,432 | \$ | (10,629,029) |
| | | | | , |

Deferred outflows of resources of \$4,474,936, related to pensions resulting from University contributions subsequent to the measurement date, will be recognized as a reduction of the net pension liability in the year ended June 30, 2021. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in the pension expense in the financial statements as follows:

| | June 30 | | |
|------------|---------|-------------|--|
| 2021 | \$ | (376,559) | |
| 2022 | | (3,846,715) | |
| 2023 | | (1,979,750) | |
| 2024 | | 293,491 | |
| 2025 | | | |
| Thereafter | | | |
| | \$ | (5,909,533) | |

Actuarial Assumptions

The total pension liability in the June 30, 2019 actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

| Actuarial Cost Method | Entry Age Normal |
|--|--|
| Amortization Method | Level Percentage of Payroll, Closed |
| Remaining Amortization Period | 30 years |
| Asset Valuation Method | 4-year smoothed market; 25% corridor |
| Investment Rate of Return* | 7.15% |
| Salary Increases | 3.25% – 9.85% including inflation |
| Wage Inflation | 3.25% |
| Post-retirement cost-of-living increases | 3% Annual Compounded Increase |
| Retirement Age | Experience-based table of rates that are |
| | specific to the type of eligibility condition. |
| Mortality Table | Based on RP-2000 Combined Health |
| | mortality table, projected to 2020 using |
| | Projection Scale BB, set-forward 2 years for |
| | males and 1 year for females. |
| Average Service Life of All Members | 4.1431 |

^{*}Net of investment and administrative expenses.

The long-term expected rate of return on pension plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the current asset allocation percentage and by adding expected price inflation. Best estimates of arithmetic real rates of return for the 10-year period from 2019 to 2028 were based upon capital market assumptions provided by the plan's investment consultant. For each major asset class included in the plan's current asset allocation as of June 30, 2019, these best estimates are summarized in the following table:

| Asset Class | Current Allocation | Long-Term Expected Real Rate of Return |
|-----------------------|--------------------|---|
| Broad Domestic Equity | 37% | 6.20% |
| International Equity | 24 | 6.33 |

| Real Assets | 16 | 3.32 |
|-----------------|------|------|
| Absolute Return | 5 | 3.56 |
| Domestic Fixed | 18 | 1.54 |
| Total | 100% | |

The total real rate of return expected is 4.80% with the actuary's price inflation assumption of 2.50% resulting in a Net Expected Rate of Return of 7.30%.

Discount Rate

A single discount rate of 7.15% was used to measure the total pension liability. This single discount rate was based on the expected rate of return on pension plan investments of 7.15%. It incorporates a municipal bond rate of 3.13% based on the "Fidelity 20-Year Municipal GO AA Index" from the *Bond Buyer Index* of general obligation municipal bonds (based on the weekly rate closest to but not later than the measurement date).

The projection of cash flows used to determine this single discount rate assumed that plan member contributions will be made at the current contribution rate and that employer contributions will be made at rates equal to the difference between actuarially determined contribution rates and the member rate. Based on these assumptions, the pension plan's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

Sensitivity of the Proportionate Share of the Net Pension Liability to Changes in the Discount Rate

The following presents the University's proportionate share of the net pension liability using the discount rate of 7.15%, as well as what the net pension liability would be if it were calculated using a single discount rate that is 1%-point lower (6.15%) and 1%-point higher (8.15%) than the current rate:

| Sensitivity of Discount Rate | | | | | |
|---------------------------------------|------------|----|------------|----|------------|
| 1% Decrease Discount Rate 1% Increase | | | | | Increase |
| | 6.15% | | 7.15% | | 8.15% |
| \$ | 64,019,810 | \$ | 39,944,209 | \$ | 20,079,844 |

Pension Plan Fiduciary Net Position

Detailed information about the pension plan's net position is available in the separately issued APERS financial report.

Arkansas Teacher Retirement System (ATRS)

Plan Description

ATRS is a cost-sharing, multiple-employer, defined benefit pension plan administered by the State of Arkansas. The plan was established by the authority of the Arkansas General Assembly with the passage of Act 266 of 1937. The costs of administering the plan are paid out of investment earnings. The general administration and responsibility for the proper operation of the System is vested in the fifteen members of the Board of Trustees of the Arkansas Teacher Retirement System

(the Board). Membership includes eleven members who are elected and consist of seven active members of ATRS with at least five years of actual service, three retired members receiving an annuity from ATRS, and one active or retired member from a minority racial ethnic group. There are also four ex officio members, including the State Bank Commissioner, the Treasurer of the State, the Auditor of the State and the Commissioner of Education. ATRS issues a publicly available financial report that can be obtained at https://www.artrs.gov/publications.

Benefits Provided

Benefit provisions are set forth in Arkansas Code Annotated, Title 24, Chapter 7 and may only be amended by the Arkansas General Assembly. ATRS provides retirement, disability and death benefits. Retirement benefits are determined as a percentage of the member's highest 3-year average compensation times the member's years of service. The percentage used is based upon whether a member is contributory or noncontributory as follows:

| Contributory, 10 years or more of service | 2.15% |
|---|-------|
| Contributory, less than 10 years of service through 6/30/2018 | 2.15% |
| Contributory, less than 10 years of service after 7/1/2018 | 1.75% |
| Non-Contributory, 10 years or more of service through 6/30/2019 | 1.39% |
| Non-Contributory, 10 years or more of service beginning 7/1/2019 | 1.25% |
| Non-Contributory, less than 10 years of service through 6/30/2018 | 1.39% |
| Non-Contributory, less than 10 years of service after 7/1/2018 | 1.00% |

Members are eligible to retire with a full benefit under the following conditions:

- at age 60 with 5 years of credited service,
- at any age with 28 years credited service.

Members with 25 years of credited service who have not attained age 60 may retire with a reduced benefit.

Members are eligible for disability benefits with 5 years of service. Disability benefits are computed as an age and service benefit, based on service and pay at disability. Survivor benefits are payable to qualified survivors upon the death of an active member with 5 years of service. The monthly benefit paid to eligible spouse survivors is computed as if the member had retired and elected the Joint & 100% Survivor option. Minor child survivors receive a percentage of the member's highest salary earned. ATRS also provides a lump sum death benefit for active and retired members with 10 years of actual service. The amount for contributory members will be up to \$10,000 and up to \$6,667 for noncontributory members. A cost-of-living adjustment of 3% of the current benefit is added each year.

Effective July 1, 2011, new employees of the University are no longer eligible to participate in the Arkansas Teacher Retirement System (ATRS). Existing ATRS participants are allowed to continue ATRS participation.

Contributions

Contribution requirements are set forth in Arkansas Code Annotated, Title 24, Chapter 7. The contributions are expected to be sufficient to finance the costs of benefits earned by members during the year and make a level payment that, if paid annually over a reasonable period of future years, will fully cover the unfunded costs of benefit commitments for services previously rendered. ATRS has contributory and noncontributory plans. Employers are required to contribute at a rate established by the Board of ATRS based on an actuary's determination of a rate required to fund the plan. The University contributed 14.25% of applicable compensation for the fiscal year ended June 30, 2020.

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources to Pensions

At June 30, 2020, the University reported a liability of \$15,527,796 for its proportionate share of the net pension liability. The net pension liability was measured as of June 30, 2019, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date. The University's proportion of the net pension liability was based on the University's share of contributions to the pension plan relative to the total contributions of all participating employers. At June 30, 2020, the University's proportion was 0.372%, which was a decrease of 0.075% from its proportion measured as of June 30, 2019.

For the year ended June 30, 2020, the University recognized pension expense of \$801,630. At June 30, 2020, the University reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

| ATRS | Defe | erred outflows | Defer | redinflows |
|---|------|----------------|-------|-------------|
| Diff - expected & actual experience | \$ | 416,876 | \$ | (162,476) |
| Changes of assumptions | | 2,307,915 | | - |
| Net difference in projected/actual earnings | | - | | (1,093,869) |
| Changes in proportion | | 69,962 | | (5,789,351) |
| University contributions subsequent to measurement date | | 1,416,960 | | |
| | \$ | 4,211,713 | \$ | (7,045,697) |

Deferred outflows of resources related to pensions of \$1,416,960, resulting from University contributions subsequent to the measurement date, will be recognized as a reduction of the net pension liability in the year ended June 30, 2021. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in the pension expense in the financial statements as follows:

| | June 30 |
|------------|-------------------|
| 2021 | \$ (1,158,413) |
| 2022 | (1,678,342) |
| 2023 | (904,956) |
| 2024 | (359,562) |
| 2025 | (149,672) |
| Thereafter | |
| | \$ (4,250,944) |

Actuarial Assumptions

The total pension liability in the June 30, 2019, actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

| Actuarial Cost Method | Entry Age Normal |
|--|--|
| Amortization Method | Level Percentage of Payroll, closed |
| Amortization Period | 28 years |
| Asset Valuation Method | 4-year closed period; 20% corridor |
| Wage Inflation | 2.75% |
| Salary Increases | 2.75 – 7.75% including inflation |
| Investment Rate of Return | 7.50% compounded annually |
| Post-retirement Cost-of-Living Increases | 3.00% Simple |
| Retirement Age | Experience-based table of rates that are |
| | specific to the type of eligibility condition. |
| | Last updated for the 2017 valuation pursuant |
| | to an experience study for the period July 1, |
| | 2010 – June 30, 2015. |
| Mortality Table | RP-2014 Healthy Annuitant, Disabled |
| | Annuitant, and Employee Mortality Tables |
| | were used for males and females. Mortality |
| | rates were adjusted using projection scale |
| | MP-2017 from 2006.(94% for males & 84% |
| | for females) |

The long-term expected rate of return on pension plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. Best estimates of geometric real rates of return were adopted by the plan's trustees after considering input from the plan's investment consultant and actuary. For each major asset class included in the pension plan's target asset allocation as of June 30, 2019, are summarized below:

| Asset Class | Target Allocation | Long-Term Expected Real Rate of Return |
|------------------|-------------------|---|
| Total Equity | 53% | 5.1% |
| Fixed Income | 15 | 1.4 |
| Alternatives | 5 | 4.2 |
| Real Assets | 15 | 5.0 |
| Private Equity | 12 | 6.3 |
| Cash Equivalents | 1 | 0.6 |
| Total | 100% | |

Discount Rate

A single discount rate of 7.50% was used to measure the total pension liability. This single discount rate was based on the expected rate of return on pension plan investments of 7.50%. The projection of cash flows used to determine this single discount rate assumed that plan member contributions will be made at the current contribution rate and that employer contributions will be 14.25% of payroll. Based on these assumptions, the pension plan's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

Sensitivity of the Proportionate Share of the Net Pension Liability to Changes in the Discount Rate

The following presents the University's proportionate share of the net pension liability using the discount rate of 7.50%, as well as what the plan's net pension liability would be if it were calculated using a single discount rate that is 1%-point lower (6.50%) or 1%-point higher (8.50%):

| | Sensitivity of Discount Rate | | | | |
|----|------------------------------|----|-------------|----|-----------|
| 19 | % Decrease | Di | scount Rate | 1% | Increase |
| | 6.50% | | 7.50% | | 8.50% |
| \$ | 25,529,101 | \$ | 15.527.796 | \$ | 7,233,189 |

Pension Plan Fiduciary Net Position

Detailed information about the pension plan's net position is available in the separately issued ATRS financial report.

NOTE 16: Other Postemployment Benefits (OPEB)

The University offers postemployment health (including prescription drugs) and dental benefits, along with life insurance (\$10,000 available coverage), to eligible retirees. Health and dental benefits are provided in the University's self-funded plan sponsored by the Board of Trustees of the University of Arkansas System for current and pre-65 retired employees. The plan is considered a single-employer, defined benefit plan. The System Administration manages and administers the plan. Although benefits are also provided under the University's plan for the employees of the University of Arkansas Foundation, Inc., the University of Arkansas Winthrop Rockefeller Institute, the Walton Arts Center Foundation, Inc., the Razorback Foundation, Inc., and the University of Arkansas Technology Development Foundation, no postemployment benefit is accrued by the University for these private entities. Financial activities of the plan are reported in the accompanying consolidated financial report. No assets are accumulated in a trust. Retirees pay 100% of premiums for all campuses with the following exceptions:

UACCRM, who paid 83% of the premium for single coverage for a closed group of employees through 1/1/19, but none of the premium for a spouse or unmarried dependent. Employees who retire currently and since December 31, 2018, will pay 100% of premiums for single and spouse coverage.

Employer costs are funded on a pay-as-you-go basis for all campuses. Retirees qualify for postemployment benefits as follows:

Employees must have a combination of age and years of service of at least 70 with at least 10 years of coverage under the plan. Retirees may cover spouses and eligible dependent children. Surviving spouses can continue coverage after retiree's death.

Retirees pay 100% of the fully insured premium directly to United Healthcare. As a result, no liabilities for Medicare eligible retiree benefits are included in this valuation.

Employees Covered by Benefit Terms

At June 30, 2020, the following employees were covered by the benefit terms:

| Employees covered by Benefit Terms | Medical | Life |
|--|---------|--------|
| Inactive employees or beneficiaries currently receiving benefit payments | 323 | 2,180 |
| Active employees | 18,988 | 19,959 |
| Total Employees covered by Benefit Terms | 19,311 | 22,139 |

Total OPEB Liability

Total OPEB liability as of June 30, 2020 was \$74,747,000, determined by actuarial valuations as of July 1, 2019, rolled forward.

Summary of Key Actuarial Methods and Assumptions

Valuation date July 1, 2019 valuation for the year ended June 30, 2020

Valuation year Census data collected as of February 2020

Amortization method Level percent of payroll

Remaining amortization period 30 years rolling

Asset valuation method N/A

Actuarial assumptions:

Investment rate of return 3.50%

Rate of salary increase

for amortization 4.00%

Medical inflation rate 6.75% grading to 4% over 15 years Pharmacy inflation rate 8.5% grading to 4% over 15 years

Retiree contribution inflation

rate 5.3% then 6.9% grading to 4% over 14 years

The discount rate used to measure the Total OPEB Liability (TOL) as of June 30, 2018 was 3.87%, the unfunded rate determined as of June 30, 2018 based on the Bond Buyer 20-year-Bond GO Index. The discount rate used to measure the Total OPEB Liability (TOL) as of June 30, 2019 was

3.50%, the unfunded rate determined as of June 30, 2019 based on the Bond Buyer 20-year-Bond GO Index.

Mortality Rates:

Healthy RP-2014 Fully Generational Mortality Table for employees and

healthy annuitants using projection scale MP-2014

Disabled RP-2014 Fully Generational Mortality Table for disabled retirees

using projection scale MP-2014

General Overview of the Valuation Methodology

The Entry Age Actuarial Cost Method was used to value the Plan's actuarial liabilities and to set the normal cost. Under this method, the normal cost rate is the percentage of pay contribution which would be sufficient to fund the Plan benefits if it were paid from each member's entry into the Plan until termination or retirement. The unfunded liability is amortized over a rolling 30-year period. The amortization method is a level percentage of pay.

The claims costs were developed from the active premium rates for the period July 1, 2019 to June 30, 2020. Seventy percent of the premium was assumed to be for medical, 22% for pharmacy, and 8% for expenses. The claim and expense costs were trended back to the period July 1, 2018 to June 30, 2019 using an annual trend assumption of 6.75% for medical, 9% for pharmacy, and 3% for expenses.

The dental rates are set to match projected costs. Based on a comparison of the recent dental claims plus fees, the dental rates are set at a level sufficient to cover projected costs. Retirees pay 100% of the budget rate for coverage. Therefore, the cost for dental coverage was excluded from this valuation.

Changes in Actuarial Assumptions and Methods since the Prior Valuation

The claim costs and trends were updated to reflect changes in benefits and experience and our expectation for the future costs. The initial retiree contribution was adjusted to reflect current contribution rates.

The discount rate changed from 3.87% to 3.50%.

The report does not reflect future changes in benefits, penalties, taxes (including future excise taxes), or administrative costs that may be required as a result of the Patient Protection and Affordable Care Act of 2010, related legislation, or regulations. It does reflect all ACA costs to date.

Changes in the Total OPEB Liability

The table below shows the changes in the total OPEB liability (TOL) during the measurement period ended on June 30, 2020.

| | 2020 | |
|---|----------|-------------|
| Balances at 6/30/2018 (Reporting Date 6/30/2019) Changes for the year: | \$ | 70,183,428 |
| Service cost | | 4,026,000 |
| Interest (includes interest on service cost) | | 2,831,000 |
| Changes of benefit terms | | - |
| Differences between expected and actual experience | | (3,245,428) |
| Changes of assumptions | | 3,132,000 |
| Benefit payments, including refunds of member contributions | | (2,180,000) |
| Net changes in total OPEB liability | | 4,563,572 |
| Balances at 6/30/2019 (Reporting Date 6/30/2020) | <u> </u> | 74,747,000 |

During the measurement year, the TOL increased by approximately \$4.6 million. The service cost, changes in assumptions and interest cost increased the TOL by approximately \$10 million while benefit payments and actual experience decreased the TOL by approximately \$5.4 million.

The discount rate changed from 3.87% to 3.50% between June 30, 2018 and June 30, 2019.

Sensitivity of the Total OPEB Liability

Changes in the discount rate affect the measurement of the TOL. Lower discount rates produce a higher TOL and higher discount rates produce a lower TOL. The table below shows the sensitivity of the TOL to the discount rate.

| Sensitivity of Total OPEB Liability to Changes in Discount Rate | | | |
|---|--------------|--------------|--|
| 1% | Discount | 1% | |
| Decrease | Rate | Increase | |
| 2.50% | 3.50% | 4.50% | |
| \$84,400,000 | \$74.747.000 | \$66.753.000 | |

Changes in the healthcare trends affect the measurement of the TOL. Lower healthcare trends produce a lower TOL and higher healthcare trends produce a higher TOL. The table below shows the sensitivity of the TOL to the healthcare trends.

| Sensitivity of Total OPEB Liability to Changes in Healthcare Cost Trend Rates | | | |
|---|--------------|--------------|--|
| 1% | Healthcare | 1% | |
| Decrease | Trend | Increase | |
| \$69,182,000 | \$74,747,000 | \$81,227,000 | |

OPEB Expense and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEB

For the year ended June 30, 2020, the University recognized OPEB expense of \$3,726,000. At June 30, 2020, the University reported deferred outflows of resources and deferred inflows of resources related to OPEB from the following sources.

| | | Deferred Outflows of | Inflows of |
|--|----|-------------------------|------------------|
| | 1 | Resources | Resources |
| Differences between expected and actual experience | \$ | 277,000 | \$ 5,101,000 |
| Changes in assumptions | | 2,836,000 | 7,307,000 |
| Contributions subsequent to the measurement date | | 2,245,000 | |
| Total | \$ | 5,358,000 | \$ 12,408,000 |

The \$2,245,000 reported as deferred outflows of resources resulting from the University's contributions subsequent to the measurement date will be recognized as a reduction of the total OPEB liability in the year ended June 30, 2021. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to OPEB will be recognized in OPEB expense in the financial statements as follows:

| Year ending June 30: | | | | |
|----------------------|----|-------------|--|--|
| 2021 | \$ | (3,129,000) | | |
| 2022 | | (3,084,000) | | |
| 2023 | | (2,213,000) | | |
| 2024 | | (508,000) | | |
| 2025 | | (149,000) | | |
| Thereafter | | (212,000) | | |

Note 17: Functional Classifications of Operating Expenses

Note 19: Elimination of Inter-Company Transactions

The consolidated financial statements were prepared from financial statements submitted by each campus and the System Administration of the University. The inclusion of inter-company transactions in the consolidated financial statements is not considered materially significant to distort the amounts presented in the consolidated financial statements with the following exceptions, which were eliminated.

FY20 - Statement of Net Position

An elimination entry was made to reduce accounts receivable by \$16,232,638, which represent amounts owed by the campuses to the System Administration for insurance premiums and campus billings for services rendered, amounts owed between campuses, and interest due from a System Administration loan for eVersity from the campuses. Accounts payable was reduced by \$16,373,283, representing these billed amounts.

Four loans between University entities were eliminated to reduce assets and liabilities: (1) \$150,000 (current portion \$150,000) to reflect a loan to ASMSA by the System Administration; and (2) \$621,821 (current portion \$28,770) to reflect a loan from UAMS to UAF, and (3) \$4,975,498 to reflect a loan from the campuses to eVersity and (4) inter-institutional loans between the System Administration and 11 campuses to assist in financing the ERP implementation costs. The following schedule details the balance of the loans at June 30, 2020 which were eliminated against current and long-term debt (current portion \$971,061) and notes receivable:

| Campus | Balance | at June 30,2020 |
|--------|---------|-----------------|
| UAFS | \$ | 510,693 |
| UALR | | 1,416,164 |
| UAM | | 358,937 |
| UAMS | | 8,325,346 |
| UAPB | | 504,723 |
| PCCUA | | 178,675 |
| UACCB | | 93,550 |
| UACCHT | | 95,868 |
| ASMSA | | 87,350 |
| UAPTC | | 342,886 |
| UACCRM | | 58,744 |
| | | |
| | \$ | 11,972,936 |

FY19 - Statement of Net Position

An elimination entry was made to reduce accounts receivable by \$19,362,224, which represent amounts owed by the campuses to the System Administration for insurance premiums and campus billings for services rendered, amounts owed between campuses, and interest due from a System Administration loan for eVersity from the campuses. Accounts payable was reduced by \$19,281,384, representing these billed amounts adjusted by cash in-transit within the system. Cash was increased by \$230,840 to account for payments in-transit within the system.

Three loans between University entities were eliminated to reduce assets and liabilities: (1) \$300,000 (current portion \$150,000) to reflect a loan to ASMSA by the System Administration; and (2) \$649,425 (current portion \$27,604) to reflect a loan from UAMS to UAF, and (3) \$4,975,498 to reflect a loan from the campuses to eVersity. In addition, a new group of interinstitutional loans between the System Administration and 11 campuses to assist in financing the ERP implementation costs. The following schedule details the balance of the loans at June 30, 2019 which were eliminated against long-term debt (current portion \$534,938) and notes receivable:

| Campus | Balance at | t June 30,2019 |
|--------|------------|----------------|
| UAFS | \$ | 114,372 |
| UALR | | 323,004 |
| UAM | | 81,281 |
| UAMS | | 1,952,912 |
| UAPB | | 115,939 |
| PCCUA | | 40,888 |
| UACCB | | 21,012 |
| UACCHT | | 21,483 |
| ASMSA | | 20,520 |
| UAPTC | | 75,985 |
| UACCRM | | 13,140 |
| | | |
| | \$ | 2,780,536 |
| | | |

FY20 - Statement of Revenues, Expenses, and Changes in Net Position

As explained in Note 14, the System Administration administers the self-funded insurance programs for the University. Insurance premiums remitted to the System Administration by the campuses are shown as insurance revenues, and insurance claims paid are shown as insurance expenditures on the System Administration's financial statements. The premiums expensed by the campuses are recorded as part of compensation and benefits. An elimination entry was made to reduce insurance revenue and compensation/benefits expenditures in the amount of \$130,394,138.

An elimination entry was made for billings by System Administration to the campuses for services rendered to reduce operating sales and services revenue and operating supplies/services expense in the amount of \$4,142,544. An elimination entry for services provided among campuses in the amount of \$827,616. These amounts decreased operating sales and services, other operating revenues and operating supplies/services.

An elimination entry for the System Administration's interest expense for a loan from the campuses was made to decrease other non-operating revenues (expenses) and investment income in the amount of \$87,071. An elimination entry for the System Administration's interest income for the loans referred to above with 11 campuses was made to decrease interest expense and investment income in the amount of \$190,245.

FY19 - Statement of Revenues, Expenses, and Changes in Net Position

As explained in Note 14, the System Administration administers the self-funded insurance programs for the University. Insurance premiums remitted to the System Administration by the campuses are shown as insurance revenues, and insurance claims paid are shown as insurance expenditures on the System Administration's financial statements. The premiums expensed by the campuses are recorded as part of compensation and benefits. An elimination entry was made to reduce insurance revenue and compensation/benefits expenditures in the amount of \$130,771,802.

An elimination entry was made for billings by System Administration to the campuses for services rendered to reduce operating sales and services revenue and operating supplies/services expense in the amount of \$3,741,960. An elimination entry for services provided among campuses in the amount of \$826,768. These amounts decreased operating sales and services, other operating revenues and operating supplies/services.

An elimination entry for the System Administration's interest expense for a loan from the campuses was made to decrease other non-operating revenues (expenses) and investment income in the amount of \$86,703. An elimination entry for the System Administration's interest income for the loans referred to above with 11 campuses was made to decrease interest expense and investment income in the amount of \$27,553.

FY20 and FY19 - Statements of Cash Flows

The effects of the elimination entries described above to the statement of net position and the statement of revenues, expenses and changes in net position are also reflected in the statement of cash flows.

Note 20: Joint Endeavor

In 1987, the University of Arkansas and the City of Fayetteville engaged in a joint endeavor to operate the Walton Arts Center. Funds were pooled from each entity to provide for the construction and operation of the center. The University of Arkansas/City of Fayetteville Arts Foundation, Inc., now called the Walton Arts Center Foundation, Inc., was established to administer this project and its funds. Activities of the foundation were managed by nine directors - three appointed by the University, three by the City of Fayetteville, and three recommended by the Foundation that were approved by the mayor and chancellor.

The Walton Arts Center Council, Inc. was formed to construct, operate, manage, and maintain the Arts Center in Fayetteville, Arkansas, in accordance with the Interlocal Cooperation Agreement between the City of Fayetteville and the University of Arkansas. The ownership of the Arts Center facilities, including land, is held equally by the City and the University. The Arts Center Council was required to submit an annual budget to both the City and the University for approval. The Board of Trustees of The Arts Center Council was comprised of five members appointed by the University, five members appointed by the City, and ten members appointed at large, all of whom served as volunteers.

On August 14, 2014, the governing documents establishing and defining the joint endeavor between the City of Fayetteville and the University of Arkansas to operate the Walton Arts Center were revised to ensure clarity and flexibility to allow the Walton Arts Center to meet the arts and entertainment needs of all residents of Northwest Arkansas with a multi-venue system, while at the same time confirming support of the original partnership. Revisions were made to the respective Articles of Incorporation of the Walton Arts Center Foundation, Inc. and the Walton Arts Center Council, Inc. to clarify the purpose of each entity to encompass multiple venues in the Northwest Arkansas region; to allow the Walton Family Foundation to appoint nine additional directors to the Board of Directors of the Arts Center Council while ensuring that the City and University maintain their proportionate number of directors on the Board; to return the City of Fayetteville's initial payment of \$1.5 million to the Foundation back to the City for the City's use in the construction of a parking facility adjacent to the Walton Arts Center or as otherwise determined by the Fayetteville City Council; and with consent by the University to expend the institution's initial payment of \$1.5 million to the Foundation to help defray the construction costs of the proposed enlargement and enhancement of the Walton Arts Center located in Fayetteville, Arkansas. To date, the University's funds placed in the endowment have not been spent. Accordingly, the relationship of the University and Walton Arts Center Foundation, Inc, remains unchanged. In the event the funds are expended, as provided in the revised agreement, the Walton Arts Center Foundation, Inc. would no longer be an agent for the University nor would the University have the right of appointment of Walton Arts Center Foundation, Inc. directors.

An Amended and Restated Interlocal Cooperation Agreement was also executed that permits the Walton Arts Center to conduct business as a separate, free-standing non-profit corporation; that budget and operational oversight rests exclusively with the Walton Arts Center Council and confirms the Walton Arts Center is no longer an agent of the University or the City, nor restricted to the terms of the original agreement; and affirms the Walton Arts Center must comply with the

terms of a new lease agreement executed by the University, City of Fayetteville and the Walton Arts Center Council

The lease agreement extends the term to twenty-five years and recognizes the changed scope of the Walton Arts Center. The lease also provides assurances regarding the on-going quality and type of performances at the Walton Arts Center in Fayetteville.

Note 21: Related Parties

The following are significant related party transactions other than those with component units discussed in Note 1.

The Vice Chancellor for Economic Development for the Fayetteville campus is a member of the Board of Directors of Arvest Bank Fayetteville, one of 16 autonomous community-oriented banks which comprise Arvest Bank Group, Inc., based in Bentonville, Arkansas. At June 30, 2020, bank balances held at Arvest Bank Group, Inc. banks total \$9,618,516 at UAF (book balances included on the Statements of Net Position were \$9,284,418).

Note 22: Contingencies

The University has been named as defendant in several lawsuits. It is the opinion of management and its legal counsel that these matters will be resolved without material adverse effect on the future operations or financial position of the University.

Immunity provisions in Arkansas law prohibit suits naming the Board of Trustees of the University of Arkansas System as a defendant in Arkansas State courts. Employees of UAMS acting in good faith in the course and scope of their employment may be sued in state courts, but only to the extent of maintained insurance coverage. UAMS maintains malpractice insurance for certain employees under a claims-made policy. Premiums are accrued based on estimated claims, with the final premium amount determined based on actual claims experience. The cost of this policy is included in supplies and other expenses. UAMS incurred costs of \$3,585,000 and \$3,431,000 for this insurance during the years ended June 30, 2020 and 2019, respectively. A party may bring an action against the University through the Arkansas State Claims Commission (the Claims Commission). The Claims Commission may award a claim of up to \$15,000 without further review or appropriation. Awards that the Claims Commission approves in excess of \$15,000 must be appropriated by the Arkansas State Legislature. Appropriations of this type, if any, reduce appropriations from the state to the University in the period in which the claim is appropriated.

In the fiscal year ended June 30, 2006, the Arkansas Development Finance Authority (the Authority) issued \$36,775,000 in Tobacco Settlement Revenue Bonds. The Authority made the proceeds of the bonds available to the University of Arkansas Board of Trustees (UA Board) to fund an expansion to the Arkansas Cancer Research Center, now known as the Winthrop P. Rockefeller Cancer Institute, on the campus of the University of Arkansas for Medical Sciences (UAMS). The bonds have an approximate yield to maturity of 4.77% to 5.10% and principal and

accumulated interest are payable beginning in 2021 through 2031 for \$22,158,000 of serial bonds and beginning in 2036 through 2046 for \$14,617,000 of term bonds.

Funds received from the Arkansas Tobacco Settlement Funds Act of 2000 are pledged for debt service and are the primary source of payment for the bonds. In accordance with a Loan Agreement dated June 1, 2006, between the UA Board and the Authority, the UA Board will be required to make debt service payments on the Series 2006 bond issue in the event of a shortfall in tobacco settlement revenues. However, no such payments will be made unless the debt service revenues are insufficient to make such payments. Management believes the debt service revenues will be sufficient to service the entire principal and interest due. The *Global Insights USA, Inc.* report, prepared in August 2006, on the *Forecast of U.S. Cigarette Consumption (2004-2046)* indicated that tobacco consumption in 2046 is expected to decline by 54% from the 2003 level. For fiscal year 2003, Arkansas received \$60,067,457 from the Tobacco Settlement Fund. Using the 54% decline from above, Arkansas should receive approximately \$27.6 million in 2046 with the first \$5 million dedicated to pay the debt service on this bond issue.

If debt service revenues had been considered insufficient at June 30, 2020, the University would have incurred a liability of \$73,206,000 related to the issue. This amount includes drawdown of funds related to the project, issuance costs, discounts, accreted interest, and other expenses related to the issue. The revenues pledged by UAMS to secure the Loan Agreement consist of inpatient service fees and fees collected from other ancillary, therapeutic, and diagnostic services provided within the walls of the hospital but exclude physician-generated revenues, State appropriations, and revenues restricted for other purposes.

Note 23: Pollution Remediation

The Fayetteville campus completed a study in 2012, funded by a \$1,889,647 award from the United States Department of Energy (DOE), to develop a plan for remediation of the Southwest Experimental Fast Oxide Reactor (SEFOR) site. All project costs were funded by awards from the United States Department of Energy (DOE) on a cost reimbursement basis.

Remediation of the SEFOR site was completed in 2019. A drawdown of \$1,906,166 related to June 30, 2019 receivables was invoiced to and received from DOE in 2020. As of June 30, 2020, there was no pollution remediation liability or receivable cost recoveries. Remediation costs drawn down from DOE since inception totaled \$25,824,492.

Note 24: Subsequent Events

Long-Term Debt-*Fayetteville Campus*

On September 11, 2020, the University executed a loan agreement with Regions Bank in the amount to \$18,664,000. The overall loan consisted of two parts, one a tax-exempt loan in the amount of \$4,727,000 with an interest rate of 1.38% and the other a taxable loan in the amount of \$13,937,000 with an interest rate of 1.81% The purpose of the loan is to pay for and/or refund a portion of the debt service for multiple series of bonds benefitting the University of Arkansas, Fayetteville Department of Athletics for the amounts due in 2020 and 2021.

Long-Term Debt-Monticello Campus

On October 1, 2020, the University of Arkansas Board of Trustees issued \$5,185,000 in Various Facilities Revenue Bonds Refunding Series 2020A (Monticello Campus). These bonds with interest rates of 4% to 5% were issued to refund \$6,430,000 of outstanding Various Facilities Revenue Refunding Bonds, Series 2012, with interest rates of 3% to 4%. Bond proceeds of \$6,582,439 (including a premium of \$1,397,439), less the Underwriters' discount of \$8,037, resulted in a net deposit to the Escrow Deposit fund of \$6,574,402 to retire the 2012 bonds on November 2, 2020. The amount of \$6,430,000 in principal and \$94,310 in accrued interest will be paid on that date from the Escrow Deposit fund. The remaining premium proceeds were earmarked for the payment of issuance costs. The University completed the refunding to reduce its total debt service payments over a period of fifteen years by \$930,100, and to have an economic gain (difference between the present values of the old and new debt service payments) of \$916,802.

On October 1, 2020, the University of Arkansas Board of Trustees also issued \$7,035,000 in Various Facilities Revenue Bonds Taxable Refunding Series 2020B (Monticello Campus). These bonds with interest rates of .487% to 2.568% were issued to refund \$6,530,000 of outstanding Auxiliary Facilities Revenue Bonds, Series 2012 with interest rates of 2.5% to 4%. Bond proceeds of \$7,035,000, less the Underwriters' Discount of \$10,904, resulted in a deposit to the Escrow Deposit fund of \$7,024,096 to retire the 2012 bonds on October 1, 2022, the call date for these 2012 bonds. The total amount to be refunded for principal for these 2012 bonds is \$6,530,000 and interest payments are \$441,458. The remaining bond proceeds were earmarked for the payment of issuance costs. The University completed the refunding to reduce its total debt service payments over a period of seventeen years by \$370,030, and to have an economic gain (difference between the present values of the old and new debt service payments) of \$361,128.

Long-Term Debt-Fort Smith Campus

On October 20, 2020, the University closed the Board of Trustees of the University of Arkansas Student Fee Revenue Bonds (Fort Smith Campus) Taxable Refunding Series 2020A with a par amount of \$10,715,000. The bonds provide resources of \$10,607,843 plus University deposits and funds held in trust by others of \$2,419 to advance refund \$10,065,000 of outstanding Board of Trustees of the University of Arkansas Student Fee Revenue Bonds (Fort Smith Campus) Series 2012. The amount of each refunded series represents all the outstanding maturities starting with the December 1, 2020 until final maturity. After the regularly scheduled debt service payments are made on December 1, 2020, there are remaining balances of \$8,905,000 for Series 2012 representing bonds with maturity dates through December 1, 2021. The remaining bond proceeds were earmarked for the payment of issuance costs. The University completed the refunding to reduce its total debt service payments over a period of ten years by \$713,422, and to have an economic gain (difference between the present values of the old and new debt service payments) of \$665,830.

On October 20, 2020, the University closed the Board of Trustees of the University of Arkansas Student Fee Revenue Bonds (Fort Smith Campus) Tax-Exempt Refunding Series 2020B with a par amount of \$5,765,000. The bonds provide resources of \$7,063,606 (including a premium of \$1,357,104) plus University deposits and funds held in trust by others of \$18,910 to current refund \$6,930,000 of outstanding Board of Trustees of the University of Arkansas Student Fee Revenue Bonds (Fort Smith Campus) Series 2010B. The escrow account will pay the principal amount of

\$310,000 due on December 1, 2020 plus accrued interest. The remaining outstanding balance of \$6,620,000 will be redeemed via the escrow account on the same day. The remaining bond proceeds were earmarked for the payment of issuance costs. The University completed the refunding to reduce its total debt service payments over a period of fifteen years by \$1,668,046, and to have an economic gain (difference between the present values of the old and new debt service payments) of \$1,517,686.

Long-Term Debt-Little Rock Campus

On October 20, 2020, the University closed the Various Facilities Revenue Bonds (UA Little Rock Campus) Taxable Refunding Series 2020 Bonds with a principal amount of \$18,795,000. Proceeds from this sale will be used to (a) refund certain maturities of the Board's Auxiliary Enterprises Capital Improvement Revenue Bonds (UALR Campus), Series 2012A totaling \$11,550,000, (b) advance refund certain maturities of the Board's Auxiliary Enterprises Refunding Revenue Bonds (UALR Campus), Series 2012B totaling \$7,245,000, and pay costs of issuance. The University completed the refunding to reduce its total debt service payments over a period of sixteen years by \$2,618,791, and to have an economic gain (difference between the present values of the old and new debt service payments) of \$2,171,804.

The Series 2012A and the Series 2012B Bonds, both tax-exempt issues, were secured by and payable from auxiliary enterprises revenues of the UALR. The Series 2020 Bonds are taxable issues which are secured by "Pledged Revenues" which are, except as set forth below, (a) all tuition and fees revenues collected by the UALR, (b) all sales and services revenues derived from projects at UALR funded with bonds issued pursuant to the Act and (c) auxiliary enterprises revenues derived from the operations of residence halls, or other student housing facilities operated by UALR, athletic gate receipts, and other revenues derived from intercollegiate athletics at UALR, and revenues from the operation of the bookstore or other auxiliary operations at UALR; provided, however, that such Pledged Revenues are subject to previous pledges to Senior Bonds and that such Pledged Revenues shall not include any fees authorized or imposed by UALR and dedicated to a specific purpose.

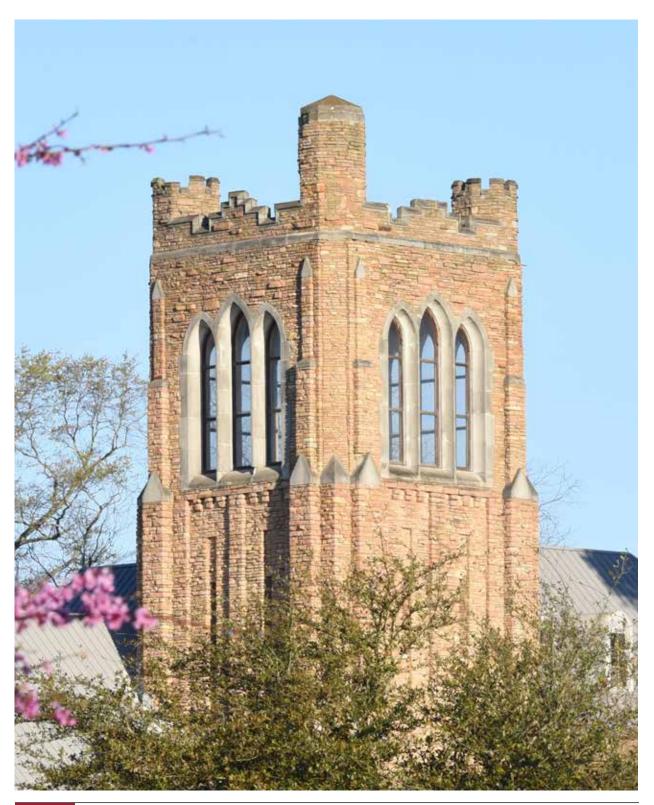

Long-Term Debt-Medical Sciences Campus

On October 28, 2020, the University closed the Board of Trustees of the University of Arkansas Various Facilities Revenue Refunding Bonds (UAMS Campus) Tax-Exempt Series 2020 with a principal amount of \$24,325,000. Proceeds from this sale will be used to refund certain maturities of the Board's Various Facilities Revenue Bonds (UAMS Campus), Series 2010A totaling \$31,170,250 and pay costs of issuance. The University completed the refunding to reduce its total debt service payments over a period of eleven years by \$8,610,760, and to have an economic gain (difference between the present values of the old and new debt service payments, less the release of the prior debt service reserve fund) of \$6,221,805.

CARES Act Funds- *Medical Sciences Campus*

UAMS received CARES stimulus funds in 2020, and UAMS believes the amounts recorded as revenue and the amounts deferred for recognition in future periods as of and for the year ended June 30, 2020 are consistent with the guidance available from HHS as of June 30, 2020. HHS released General and Targeted Distribution Post-Payment Notice of Reporting Requirements on September 19, 2020. This new HHS guidance does not represent a clarification of existing

information, but rather resulted in substantive changes to the requirements related to the Provider Relief Funds. Since this information could not have been known at June 30, 2020 any change in the estimate of revenue to be recognized will be recorded in future periods. UAMS is evaluating the effects of the reporting requirements and believes complying with the reporting requirements will not have a material impact on the financial statements.

Summary of Key Actuarial Methods and Assumptions

Valuation date July 1, 2019 valuation for the year ended June 30, 2020

Valuation year Census data collected as of February 2020

Actuarial cost method Entry Age Normal
Amortization method Level percent of payroll

Remaining amortization period 30 years rolling

Asset valuation method N/A

Actuarial assumptions:

Investment rate of return 3.50%

Rate of salary increase

for amortization 4.00%

Medical inflation rate 6.75% grading to 4.00% over 15 years Pharmacy inflation rate 8.50% grading to 4.00% over 15 years

Retiree contribution inflation

rate 5.30% then 6.90% grading to 4.00% over 14 years

The discount rate used to measure the Total OPEB Liability (TOL) as of June 30, 2018 was 3.87%, the unfunded rate determined as of June 30, 2018 based on the Bond Buyer 20-year-Bond GO Index. The discount rate used to measure the Total OPEB Liability (TOL) as of June 30, 2019 was 3.50%, the unfunded rate determined as of June 30, 2019 based on the Bond Buyer 20-year-Bond GO Index.

Mortality Rates:

projection scale MP-2014

UNIVERSITY OF ARKANSAS SYSTEM CONSOLIDATED FINANCIAL STATEMENTS FY2020 REQUIRED SUPPLEMENTARY INFORMATION (UNAUDITED)

Schedules of Required Supplementary Information

Schedule of Changes in Total OPEB Liability and Related Ratios

| Total OPEB Liability | | 2020 | 2019 | 2018 |
|--|-------|---------------|---------------------|---------------------|
| Service cost | \$ | 4,026,000 | \$ 3,952,830 | \$ 4,589,055 |
| Interest (includes interest on service cost) | | 2,831,000 | 2,568,932 | 2,320,787 |
| Changes of benefit terms | | - | 832,130 | |
| Differences between expected and actual experience | | (3,245,428) | (3,266,590) | |
| Changes of assumptions | | 3,132,000 | (690,230) | (13,904,426) |
| Benefit payments, including refunds of member contributions | | (2,180,000) | (2,018,583) | (2,109,079) |
| Net change in total OPEB liability | | 4,563,572 | 1,378,489 | (9,103,663) |
| Total OPEB liability - beginning | | 70,183,428 | 68,804,939 | 77,908,602 |
| Total OPEB liability - ending | \$ | 74,747,000 | \$ 70,183,428 | \$ 68,804,939 |
| Covered employee payroll | \$ | 1,328,526,000 | \$ 1,309,045,000 | \$ 1,320,436,000 |
| *Information is presented for those years for which it is available until a full 10-year trend | is co | ompiled. | | |

Total OPEB liability as a percentage of covered employee

payroll 5.63% 5.36% 5.21%

Notes to Schedule:

No assets for the Plan are accumulated in a trust.

Change of Assumptions:

During the measurement year, the TOL increased by approximately \$4.6 million. The service cost and interest cost increased the TOL by approximately \$6.9 million while benefit payments decreased the TOL by approximately \$2.2 million. The discount rate changed from 3.87% as of June 30, 2018 to 3.5% as of June 30, 2019. This created an assumption loss of \$3.1 million, which will be amortized over the average expected remaining service life of all active and inactive members of the Plan. The actual experience decreased the liability by \$3.2 million due to changes in population, which will be amortized over the average expected remaining service life of all active and inactive members of the Plan.

Change of Benefits:

There were no benefit changes for the year.

The University of Arkansas System is a comprehensive, publicly-supported higher education system composed of unique institutions, units and divisions that share the singular goal of serving Arkansas residents and others by developing and sharing knowledge to impact an ever-changing world. The System provides access to academic and professional education and develops intellectual growth and cultural awareness in its students, staff and faculty. The System further promotes an atmosphere of excellence that honors the heritage and diversity of our state and nation, and provides students, researchers and professionals with tools to promote responsible stewardship of human, natural and financial resources at home and abroad.

Enrollment listed by campus are the preliminary official 11th-day headcounts as provided in September 2020 to the Arkansas Division of Higher Education for Fall 2020.

UNIVERSITY OF ARKANSAS, FAYETTEVILLE

Established: 1871 Enrollment: 27,549 www.uark.edu

Founded in 1871, the University of Arkansas, Fayetteville (UAF) is the flagship institution of the University of Arkansas System. UAF is the state's foremost partner, resource and catalyst for education and economic development and is a university for the integration of student engagement, scholarship, research and innovation that collectively transforms lives while advancing Arkansas and building a better world.

As Arkansas's first land-grant university, UAF has a mandate to teach, conduct research and perform outreach. The university offers baccalaureate, master's, doctoral, professional and specialist degree programs, including a Juris Doctor degree and an LL.M. in Agriculture and Food Law. The Carnegie Foundation for the Advancement of Teaching places UAF in its highest category for research activity, a classification shared by only 3 percent of universities nationwide. Research activity is a significant academic element at the university and an economic engine for the state.

UNIVERSITY OF ARKANSAS AT FORT SMITH

Established: 1928 Joined System: 2002 Enrollment: 4,708 www.uafs.edu

The University of Arkansas at Fort Smith (UAFS) was established in 1928 in response to the need for an institution of higher education to improve the local workforce. UAFS continues that tradition today as the premier regional institution for western Arkansas. By connecting education with careers, UAFS focuses on preparing students to succeed in the workforce as well as in elite post-graduate programs.

UAFS prides itself on highly accredited programs and exceptional faculty who continually adapt curricula to respond to the needs of business and industry. Students across disciplines experience hands-on learning in facilities equipped with leading-edge technology. Internship and mentor opportunities pair students with practitioners, developers, and executives from local start-ups to Fortune 500 companies. Employers seek out UAFS graduates, knowing they leave the institution fully prepared to succeed in high-demand fields.

UNIVERSITY OF ARKANSAS AT LITTLE ROCK

Established: 1927 Joined System: 1969 Enrollment: 8,019 www.ualr.edu

The University of Arkansas at Little Rock is a metropolitan research university that improves students' lives with real opportunities for social mobility and advances the community and state. The university's location in the state's center of government, business and culture gives students unparalleled internship, community service, and career opportunities. The university offers baccalaureate, master's, doctoral, professional and specialist degree programs, including a Juris Doctor degree.

A community partner, UA Little Rock is a major component of the city and state's growing profile as a regional leader in research, technology transfer, economic development and job creation. More than one hundred different degree programs are offered in the classroom and online, including indemand fields such as nursing, engineering, cybersecurity, business, criminal justice, computer science and education.

UNIVERSITY OF ARKANSAS FOR MEDICAL SCIENCES

Established: 1879 Enrollment: 2,907

www.uams.edu | www.uamshealth.com

The University of Arkansas for Medical Sciences (UAMS) is the only health sciences university in Arkansas. It is the state's largest public employer with more than 10,000 employees working across the state. Clinical affiliates include Arkansas Children's Hospital, the Central Arkansas Veterans Healthcare System and Baptist Health. It is the only adult Level 1 trauma center in the state. UAMS includes UAMS Health, a statewide health system that encompasses all of UAMS' clinical enterprise including its hospital, regional clinics and clinics it operates or staffs in cooperation with other providers.

With its combination of education, research and clinical programs, UAMS has a unique capacity to lead health care improvement in the state. The university includes colleges of Medicine, Nursing, Pharmacy, Health Professions and Public Health; a 535-bed UAMS Medical Center;

Jackson T. Stephens Spine & Neurosciences Institute; the Donald W. Reynolds Institute on Aging; the Harvey & Bernice Jones Eye Institute; the Psychiatric Research Institute; and the Institute for Digital Health & Innovation.

UNIVERSITY OF ARKANSAS AT MONTICELLO

Established: 1909 Joined System: 1971 Enrollment: 2,418 www.uamont.edu

Founded in 1909 as the Fourth District Agricultural School, and later known as Arkansas A&M, the University of Arkansas at Monticello (UAM) joined the System in 1971. It is one of the region's few remaining open access universities and is often named among the most affordable and best values nationwide. Located in southeast Arkansas, UAM offers baccalaureate and master's degree programs at its main residential campus in Monticello. Several of the graduate programs are available in a hybrid or online format. Additionally, the university offers two-year associate degrees, technical certificates, an advanced technical certificate, and certificates of proficiency through its Colleges of Technology in Crossett and McGehee. The region's industries depend on UAM to continue offering cutting-edge technical education and training.

UAM has established a reputation for academic excellence in areas such as forestry, nursing, teacher education, business and social sciences. Students pursuing pre-professional studies are accepted into their respective programs, including medical, veterinary, and pharmacy school, at rates over 95% each year. The University is home to the Arkansas Forest Resources Center, which brings together interdisciplinary expertise from across the UA System. Among UAM's popular offerings are the associate of applied science degrees in hospitality and tourism, baccalaureate degrees in agriculture, fine arts and humanities, and master's degrees in music, education, forestry, debate and creative writing.

UNIVERSITY OF ARKANSAS AT PINE BLUFF

Established: 1873 Joined System: 1972 Enrollment: 2,793 www.uapb.edu

An 1890 land-grant institution, the University of Arkansas at Pine Bluff (UAPB) is the secondoldest university and the only public historically black university in Arkansas. The institution's historic mission is to teach in areas related to agriculture and the mechanical arts, as well as scientific and classical studies and help solve economic, agricultural and other problems in the community, state and region.

UAPB offers thirty undergraduate programs, eight master's degrees, and a doctorate program in Aquaculture/Fisheries, one of the country's leading programs that also supports Arkansas's \$165 million aquaculture and baitfish industry. The university's bachelor's degree program in regulatory

science is a designated Center of Excellence by the U.S. Department of Agriculture. Other areas of emphasis at UAPB include teacher education, business development and student leadership development and its NSF-funded Science, Technology, Engineering and Math (STEM) Academy.

COSSATOT COMMUNITY COLLEGE OF THE UNIVERSITY OF ARKANSAS

Established: 1975 Joined System: 2001 Enrollment: 910 www.cccua.edu

Cossatot Community College of the University of Arkansas (CCCUA) has campuses in De Queen, Nashville, Ashdown, and Lockesburg that support our mission and our newly-minted five-point 2025 Strategic Plan. We adhere to our vocational training roots by offering Certificates of Proficiency, Technical Certificates, Associate Degrees and non-credit workforce training in high-demand skilled and technical programs, while still offering a full roster of Associate transfer degrees. Each semester, students can select from over 75 online courses at CCCUA. We also collaborate with several universities to offer bachelor and master's level degrees. Accredited by the Higher Learning Commission, we are the only Hispanic Serving Institution (HSI) in Arkansas and we now offer 64% of all courses using only open educational resources (OER), which eliminates the need for students to purchase or rent textbooks.

PHILLIPS COMMUNITY COLLEGE OF THE UNIVERSITY OF ARKANSAS

Established: 1964 Joined System: 1996 Enrollment: 659 www.pccua.edu

The first community college established in Arkansas, Phillips Community College of the University of Arkansas (PCCUA) is a multi-campus, two-year college serving Eastern Arkansas in Helena-West Helena, DeWitt, and Stuttgart. PCCUA offers adult education, technical certification and associate degrees in academic, occupational/technical and continuing education programs and partners with other colleges and universities to offer bachelor's and master's degrees. We are accredited by the Higher Learning Commission of the North Central Association of Colleges and Schools, the National League for Nursing Accrediting Commission, the National Accrediting Agency for Clinical Library Sciences, and the Accreditation Council for Business Schools and Programs. PCCUA is committed to helping every student succeed providing quality, affordable, and accessible education.

UNIVERSITY OF ARKANSAS COMMUNITY COLLEGE AT BATESVILLE

Established: 1975 Joined System: 1997 Enrollment: 870 www.uaccb.edu The University of Arkansas Community College at Batesville (UACCB) serves a multi-county area in north central Arkansas, offering associate degrees, technical certificates, certificates of proficiency, adult education (GED and ESL) and kids' college. Accredited by the Higher Learning Commission of the North Central Association of Colleges and Schools, the campus has expanded program offerings and student services in order to meet its student-focused mission. Supported by an Independence County sales tax, UACCB provides affordable access to technical education and college transfer programs that meet the diverse higher education needs of the citizens of northeast Arkansas.

UNIVERSITY OF ARKANSAS COMMUNITY COLLEGE AT HOPE-TEXARKANA

Year Established: 1965 Joined System: 1996 Enrollment: 864 www.uaht.edu

Serving Southwest Arkansas, the University of Arkansas Community College at Hope-Texarkana (UACCHT) offers the first two years of a traditional college education transferable to a four-year university, as well as an array of certificate programs to prepare students for an ever-changing workforce. UACCHT is an accredited, open-access institution that connects students and community partners to quality education and supports a culture of academic, occupational, personal growth and enrichment programs throughout Southwest Arkansas. UACCHT is supported by a Hempstead County sales tax. UACCHT opened the Texarkana Instructional Facility in 2012 becoming a regional contributor to the educational needs of Southwest Arkansas. The Texarkana facility has enabled the College to expand programs in both the technical and industrial areas, as well as the health professions.

UNIVERSITY OF ARKANSAS COMMUNITY COLLEGE AT MORRILTON

Established: 1961 Joined System: 2001 Enrollment: 1,670 www.uaccm.edu

Originally established as a vocational-technical school and then a technical college, the University of Arkansas Community College at Morrilton (UACCM) is a two-year institution offering university-transfer and career-specific training programs, adult education, workforce education and community outreach programs. UACCM offers an associate of arts and an associate of science degrees designed for university transfer, as well as associate of applied science degrees, technical certificates and certificates of proficiency designed for immediate entry into the job market.

UACCM has transfer agreements with all state universities, and in collaboration with individual four-year colleges, has also developed 2+2 plans that ensure a smooth transfer to specific academic

of 2018 on the 53,843-square-foot Workforce Training Center (WTC) and is considered one of the premier technical training facilities in the state.

UNIVERSITY OF ARKANSAS-PULASKI TECHNICAL COLLEGE

Established: 1945 Joined System: 2017 Enrollment: 4,705 www.uaptc.edu

The University of Arkansas-Pulaski Technical College (UA-PTC) is a two-year technical college based in North Little Rock with a mission to serve its community's education needs through technical programs, university-based transfer programs and specialized programs for business and industry. Originally founded as a vocational-technical school, UA-PTC has evolved through the years to meet the varying educational needs of the citizens of central Arkansas. In addition to its main campus in North Little Rock, the college has four additional locations in Pulaski and Saline Counties.

UNIVERSITY OF ARKANSAS COMMUNITY COLLEGE AT RICH MOUNTAIN

Established: 1983 Joined System: 2017 Enrollment: 570

www.uarichmountain.edu

The University of Arkansas Community College at Rich Mountain (UACCRM), based in Mena, is a comprehensive, learning-centered community college providing a range of programs including transfer and technical degrees, workforce development and adult education, among others. Through its main campus and satellite locations in Mt. Ida and Waldron, UACCRM serves the Ouachita Mountain Region with exemplary educational and enrichment opportunities to improve quality of life and economic advancement.

ARKANSAS SCHOOL FOR MATHEMATICS, SCIENCES AND THE ARTS

Established: 1993 Joined System: 2004

asmsa.org

The Arkansas School for Mathematics, Sciences and the Arts (ASMSA) is the state's premier high school focusing on excellence in mathematics, science and the arts. Located in Hot Springs, ASMSA is one of fifteen public residential high schools in the country specializing in the education of gifted and talented students who have an interest and aptitude for mathematics and science. All classes are taught at the college level, and the school offers nearly 60 concurrent courses. Through the school's "college bridge" program, ASMSA graduates average 50 hours of college credit while finishing high school.

Beyond the residential experience, ASMSA's outreach programs provide Saturday enrichment opportunities for motivated middle and early high school students. Digital learning programs like Coding Arkansas' Future and STEM Pathways provides online instruction for students whose local school districts lack the resources for advanced instruction.

UNIVERSITY OF ARKANSAS CLINTON SCHOOL OF PUBLIC SERVICE

Established: 2004

www.clintonschool.uasys.edu

Located on the grounds of the William J. Clinton Presidential Center and Park in Little Rock, the University of Arkansas Clinton School of Public Service is the first graduate school in the nation to offer a Master of Public Service (MPS) degree, both in a classic campus setting and online. As part of the school's unique curriculum, students complete hands-on public service projects, including local work in Arkansas communities and international projects across the world.

The model is unique in higher education because most of the school's financial investment is in scholarship and service and not in infrastructure and overhead. Little Rock's River Market serves as its student union. The Central Arkansas Main Library is the school library. When there is a need for auditorium space, the school accesses the Clinton Library, the Statehouse Convention Center or the Ron Robinson Theater – all of which are within walking distance.

The school's curriculum is enhanced with a national and international speaker series which brings in leaders and scholars from the arts, business, education, government, international development, nonprofits, philanthropy and public service and are free and open to the public. The speakers have included United States presidents and ambassadors, Pulitzer Prize recipients, and Nobel Prize winners.

DIVISION OF AGRICULTURE

Established: 1959

www.division.uaex.edu

The University of Arkansas System Division of Agriculture is the statewide organization providing land grant research and extension to Arkansas agriculture, communities, families and youth. The mission of the division is to discover new knowledge, incorporate it into practical applications and assist Arkansans in its application. The division is comprised of two principal units: the Arkansas Agricultural Experiment Station and the Cooperative Extension Service. Division faculty, staff and facilities are located on several university campuses, at regional research and extension centers, branch stations, extension centers and other locations. An extension office is located in all 75 counties in cooperation with county governments.

The Division of Agriculture has earned patents in a variety of research programs in food science, animal science, plant pathology, horticulture, biological and agricultural engineering, poultry science, crop, soil, and environmental sciences; and the Rice Research and Extension Center.

Volunteers are an extremely important component of delivering Extension programs, particularly in 4-H, Extension Homemakers and Master Gardeners.

ARKANSAS ARCHEOLOGICAL SURVEY

Established: 1967

www.archeology.uark.edu

The mission of the Arkansas Archeological Survey is to study and protect the 13,000-year archeological heritage of Arkansas, to preserve and manage information and collections from archeological sites, and to communicate what is learned to the people of the state. The survey has 10 research stations across the state, each with a full-time Ph.D. archeologist associated with regional higher education institutions and state parks. The archeologists conduct research, assist other state and federal agencies to help promote the economic importance of the state's heritage resources, and are available to local officials, landowners, educators and students, and citizens in need of information about archeology or archeological sites.

Arkansas Archeological Survey databases contain information on more than 50,000 archeological sites and 8,000 projects, available to qualified professional archeologists at state and federal agencies, colleges and universities, and federally recognized tribes. The Survey's curation facility, managed jointly with the University of Arkansas Museum, provides a secure, state-of-the-art home for both Survey and University artifact collections. Students and teachers across Arkansas use the Survey's educational websites to learn about our state's prehistoric and historic cultural heritage.

CRIMINAL JUSTICE INSTITUTE

Established: 1988 www.cji.edu

The Criminal Justice Institute (CJI) is a campus of the University of Arkansas System that serves a unique population of non-traditional students—certified law enforcement professionals who are actively employed within the state's law enforcement organizations. The Institute is committed to making communities safer by supporting law enforcement professionals through training, education, resources and collaborative partnerships.

Utilizing both online learning opportunities and classroom-based instruction, CJI provides an educational experience designed to enhance the performance and professionalism of law enforcement in progressive areas of policing, including law enforcement leadership and management, forensic sciences, computer technologies and related crimes, traffic safety, illicit drug investigations and school safety. In addition, the Institute develops and delivers curriculum in cyberterrorism and sexual assault management and investigation through the National Center for Rural Law Enforcement (NCRLE), a division of CJI committed to helping rural law

UNIVERSITY OF ARKANSAS SYSTEM eVERSITY

Established: 2014 Enrollment: 676 www.eVersity.edu

The University of Arkansas System eVersity is a fully accredited, 100 percent-online institution created by the UA Board of Trustees in March 2014 to serve students who are unable to access traditional higher education campuses and to help adult working learners earn credentials and degrees. The mission of eVersity is to provide high-quality online courses, affordable tuition and workforce-relevant degree programs, along with using data analytics to help promote student success to earn credentials. eVersity began offering classes in partnership with existing UA System institutions in the spring of 2016 and is now a fully self-sustaining operation that processes financial aid, enrolls, promotes and graduates students within its unique schedule of seven annual abbreviated sessions.

Faculty from across the UA System develop and deliver rigorous certificate and degree programs in tandem with eVersity's award-winning instructional design team to provide students with high-quality online coursework through Open Educational Resources. There are never any fees or additional charges for books. eVersity currently enjoys an incredibly high student success rate with more than 90 percent of its students succeeding in their classes.

UNIVERSITY OF ARKANSAS SYSTEM

www.uasys.edu

The System administration carries out the governance and administration of the University of Arkansas System in accordance with policies of the Board and the President.

The System administration includes the activities that further the efforts to meet the goals of the strategic plan for the UA System and to achieve its comprehensive mission. In this capacity, the System office provides the oversight and development of policies and procedures to assist the campuses and units; provides oversight of the preparation of annual operating budgets and financial reports to the Board; prepares the consolidated annual financial statements; administers a program of employee benefits and risk management; provides legal advice and representation; provides internal audits and risk assessments of the fiscal operations of the campuses and entities; and coordinates public and media relations, communications, and governmental relations activities on behalf of the System, campuses and entities. The System Office further provides administrative staff support for the Board and President. Academic Affairs provides leadership and guidance to assist campuses and entities to meet statewide goals in student retention and graduation.
